

GENERAL NOTICE

The documents attached to the following agenda have a legal binding only if they have been confirmed by the Municipal Council.

Please check with the administration to find out if any modification and/or withdrawals of subjects have been made.

YOUTUBE LIVE STREAMING

We highly recommend that all members of the public remain in the comfort and safety of their homes and watch the Council deliberations live streamed on The Nation's YouTube channel.

You can visit [The Nation Municipality's YouTube channel](#) to view the meetings.

Due to the limited number of seats in the Council chambers, we recommend registering to attend a meeting in person. If you wish to reserve a seat, please contact the Deputy Clerk at 613-764-5444 extension 228 or by email at aroy@nationmun.ca.

COMMENTS AND QUESTIONS

If you have any questions or comments relating to an agenda item, please contact the Clerk at 613-764-5444, extension 235, or by email at jbrizard@nationmun.ca.

Meeting Information

Meeting Number: 2022-15

Type: Regular

Date: June 27, 2022

Time: 4:00 p.m.

Location: Town Hall, 958 Route 500 West, Casselman

Chair: François St-Amour, Mayor

Prepared by: Aimée Roy, Deputy Clerk

Video: the [recording of this meeting is available on YouTube](#).

Scheduled Agenda Items:

5:30 p.m.: Zoning Meeting

Presence of Council Members

Mayor François St-Amour, yes
 Councillor ward 1 Marie-Noëlle Lanthier, yes
 Councillor ward 2 Alain Mainville, yes
 Councillor ward 3 Danik Forgues, yes
 Councillor ward 4 Francis Brière, yes

Presence of Municipal Staff

Josée Brizard, CAO-Clerk
 Aimée Roy, Deputy Clerk
 Guylain Laflèche, Director of Planning
 Ramandeep Kaur, Asset Management and Infrastructure Coordinator

Nadia Knebel, Treasurer
Benjamin Bercier, Manager of Economic Development and Tourism

Agenda Items

1. Call to order

Resolution: 279-2022

Moved by: Danik Forgues

Seconded by: Marie-Noëlle Lanthier

Be it resolved that the present meeting be opened.

Carried

2. Changes and Additions to Agenda

Addition:

7.5 Guylain Laflèche, Director of Planning
Building Permit Deposit Reimbursement

18.1 Add section 239(2) (d) labour relations

3. Adoption of Agenda

Resolution: 280-2022

Moved by: Alain Mainville

Seconded by: Francis Brière

Be it resolved that the agenda be accepted, including the modifications made forthwith, as applicable.

Carried

4. Disclosure of Conflict of Interest

5. Adoption of Minutes of Previous Meetings

5.1 Minutes of the Regular Council meeting held June 13, 2022

Resolution: 282-2022

Moved by: Alain Mainville

Seconded by: Danik Forgues

Be it resolved that the minutes of the following meetings be adopted as presented;

- Minutes of the Regular Council meeting held June 13, 2022, and

Carried

6. Adoption of Recommendations of the Municipal Council Committees

6.1 Minutes of The Nation's Public Library Board meeting held April 14, 2022

Resolution: 283-2022

Moved by: Danik Forgues

Seconded by: Alain Mainville

Be it resolved that the minutes of The Nation Public Library Board's meeting held April 14, 2022 be adopted as presented.

Carried

7. Receiving of Monthly Reports from the Appointed Municipal Officials

7.1 Nadia Knebel, Treasurer

7.1.1 Asset Management Plan (4:00 pm)

Resolution: 281-2022

Moved by: Marie-Noëlle Lanthier

Seconded by: Francis Brière

Be it resolved that Council approves the report on the Asset Management Plan, as presented.

Carried

7.2 Benjamin Bercier, Manager of Economic Development and Tourism

7.2.1 Service Note EC-06-2022

Survey of vacant positions The Nation's businesses

Resolution: 284-2022

Moved by: Danik Forgues

Seconded by: Alain Mainville

Be it resolved that Council receives the service note number EC-06-2022 regarding the vacant positions in the businesses in The Nation Municipality.

Carried

Adjournment

Resolution: 285-2022

Moved by: Danik Forgues

Seconded by: Alain Mainville

Be it resolved that the Council meeting be adjourned at **5:30 p.m.** for a public zoning meeting.

Carried

Re-opening of the meeting

Resolution: 288-2022

Moved by: Marie-Noëlle Lanthier

Seconded by: Alain Mainville

Be it resolved that the Council meeting be re-convened at **5:55 p.m.**

Carried

7.3 Todd Bayly, Chief Building Official

7.3.1 Building Permit Statistics for the month of April and May 2022

Resolution: 289-2022

Moved by: Francis Brière

Seconded by: Danik Forgues

Be it resolved that Council approves the building permit reports for the months of April and May 2022, as presented.

Carried

7.4 Aimée Roy, Deputy Clerk

7.4.1 Report CL-09-2022

YouTube Statistics

7.4.2 Report CL-10-2022

VoterLookUp and the voters list

7.5 Guylain Laflèche, Director of Planning

7.5.1 Building Permit Deposit Reimbursement

Resolution: 290-2022

Moved by: Danik Forgues

Seconded by: Francis Brière

Be it resolved that the building permit shown under Memo BLD-05-2022 be exempted of section 2 of Schedule B of By-law 85-2005 (Building permit By-law)

Carried

8. Notice of Proposed Motions

9. Unfinished Business from Previous Meetings

10. Delegations

11. Applications for Prescott-Russell Land Division Committee

12. Municipal By-laws

13. Approval of the Variance Report and Accounts Payable

13.1 Accounts Payable

Resolution: 291-2022

Moved by: Marie-Noëlle Lanthier

Seconded by: Alain Mainville

Be it resolved that Council approves the accounts payable up to June 30, 2022.

Voucher 12: \$ 3,674,576.16

Carried

14. Other Business

14.1 Noise By-Law Exemption Request

2 Beaver lane

Resolution: 292-2022

Moved by: Francis Brière

Seconded by: Danik Forgues

Be it resolved that Council approves the request from Penny Collier for an exemption of the noise by-law from 11:00 p.m. on the 9th of July, 2022 to 1:00 a.m. on the 10th of July, 2022 for a family reunion.

Carried

14.2 Noise By-Law Exemption Request

1974 Des Pins street

15. Various Monthly Reports

15.1 EOHU

Outbreak advisory

16. Correspondence

16.1 AMO, Newsletters

16.2 Interlude House, Thank you letter

16.3 Municipal Engineers Association, The Retention of Professional Engineers at Ontario Municipalities

16.4 Municipality of Killarney, Sanctions on Russia

16.5 Town of East Gwillimbury, Ontario Municipalities Bill 109 Resolution Submission

Resolution: 293-2022

Moved by: Francis Brière

Seconded by: Danik Forgues

Be it resolved that the correspondence as listed on the June 27, 2022, agenda be received.

Carried

17. Coming Events

17.1 Limoges Community Day, June 25, 2022

17.2 Regular Council Meeting, July 11, 2022

17.3 PRCDC Annual Golf Tournament, August 26, 2022

18. Closed Sessions

Adjournment of meeting

Resolution: 294-2022

Moved by: Marie-Noëlle Lanthier

Seconded by: Francis Brière

Be it resolved that the present meeting be adjourned at **6:11 p.m.** for a closed session under the following section(s) of the Municipal Act, 2001:

Section 239 (2)

(b) personal matters about an identifiable individual;

(d) labour relations

Carried

Re-opening of meeting

Resolution: 295-2022

Moved by: Danik Forgues

Seconded by: Alain Mainville

Be it resolved that the present meeting be re-opened at **6:32 p.m.**

Carried

18.1 Guylain Laflèche, Director of Planning Employee

Section 239 (2) (b) personal matters about an identifiable individual, including municipal or local board employees;

19. Confirming By-law

Resolution: 296-2022

Moved by: Francis Brière

Seconded by: Alain Mainville

Be it resolved that By-law No. 95-2022 to confirm the proceedings of Council at its regular meeting of June 27, 2022 be read and adopted in first, second and third reading.

Carried

20. Adjournment

Resolution: 297-2022

Moved by: Francis Brière

Seconded by: Marie-Noëlle Lanthier

Be it resolved that the present meeting be adjourned at **6:33 p.m.**

Carried

Report to Council

Report Number: BL-03-2022

Subject: Grass cutting along roads

Prepared by: Guylain Lafleche, Director of By-law Enforcement

Date of the meeting: July 11th, 2022

Context

In the spring of 2021, the Management Committee was looking into some situations where property owners were not cutting grass along the road rights-of-way, citing that it was not their property and that it was the Municipality's responsibility.

In 2021, the Public Works Department asked the By-law Department to send notices to the owners of the properties along the rights-of-way to notify them that as of 2022 the cutting of grass along the rights-of-way would become the responsibility of said property owners.

Report

The By-law Department is prepared to amend its By-law 91-2014 "Clean Yards" to allow enforcement of the by-law against property owners who do not cut grass along road rights-of-way, where naturally possible.

Recommendation

Be it resolved that the members of Council approve the amendment to By-law 91-2014, Clean Yards, and that a draft of said amendment be presented to Council at the next regular meeting.

Report to Council

Report Number: PLA-9-2022

Subject: HAULING ROUTE SOUTH INDIAN PH. 3

Prepared by: Guylain Lafleche, Director of Planning Department

Date of the meeting: July 11th, 2022

INTRODUCTION:

At the public meeting for a zoning application for the South Indian PH Subdivision. 3 on October 26, 2020, the Planning Department was receiving comments regarding traffic from South Indian Drive to the Phase 3 lot at the end.

At that time the Planning Department looked at a few options.

1. Access through the waste disposal site
2. Access through the campground
3. Access from Linda Street

REPORT:

We are presenting you with a report today to confirm that access from the dump and the campground is not viable given the costs, the impacts on the infrastructure and the preparation that would not be used afterwards.

We are studying an access from Linda Street, but no recommendation exists currently.

Like most subdivisions, the last planned phases of a subdivision are the most frustrating due to the existence of the first phase houses and the continuity of the projects.

It is certain that this causes temporary inconveniences, but these situations exist and are not forever. In addition, when a project is concluded, it has been demonstrated that the value of the houses in the subdivision rises, giving an increase in value to the first owners, who over the years have had to live with a certain discomfort if you will.

This increase in value makes the situation more reasonable.

That said, to begin preparing the land for the third phase, the developer needs to bring in soil for future construction and would like to do so in two phases this summer.

He proposes to haul soil for three days this week (not the weekend) and three days in September.

We have looked at two possible routes either through the Linda Street subdivision and Constantineau Street or through South Indian Drive.

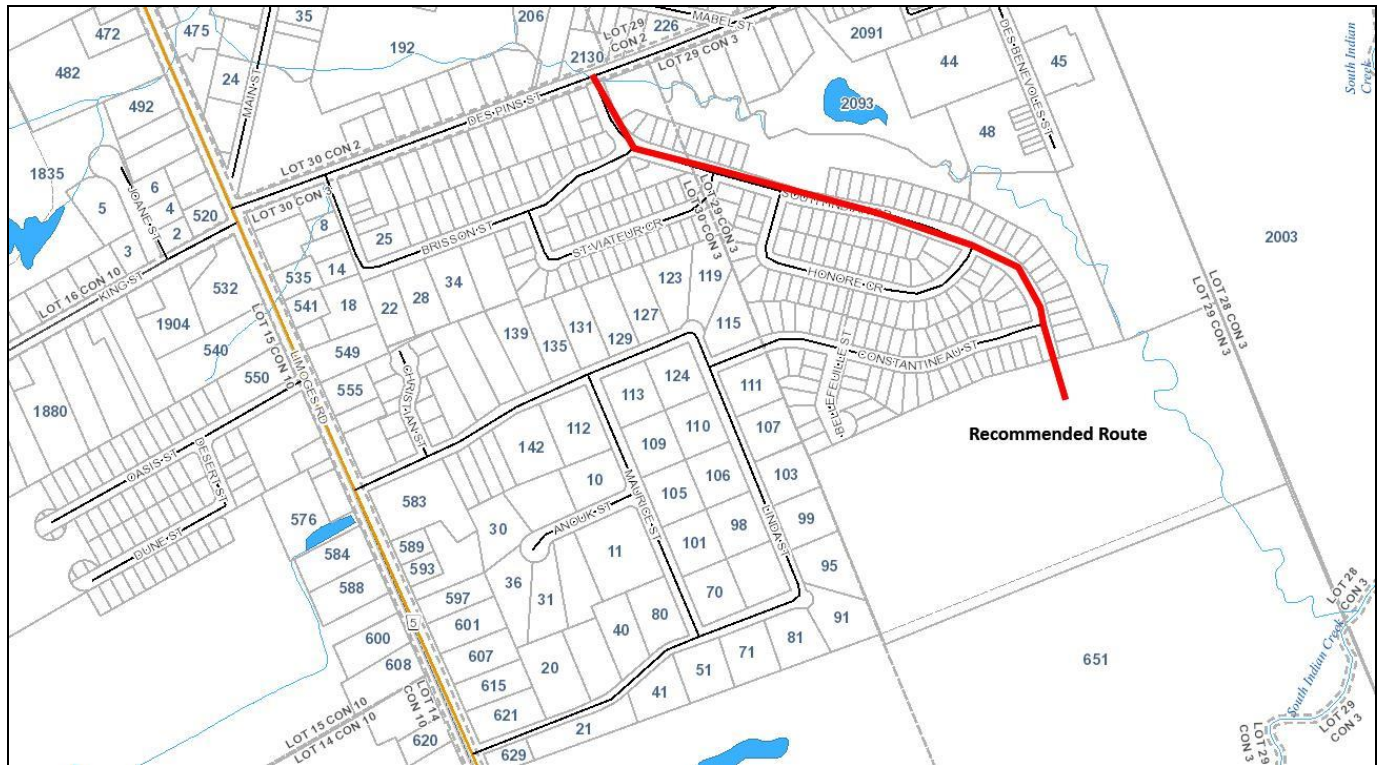

Based on our analysis, we recommend the use of South Indian Drive on the basis that the street has a better ride quality, with no stops and the land must go along the stream anyway.

FINANCIAL CONSIDERATION:

NIL.

RECOMMENDATION:

The Planning Department continue to look at options for an access to the subdivision and that for the time being, the road for heavy traffic is South Indian.

Guylain Laflèche, MCIP, RPP
Director of Planning

Report to Council

Report Number: WS 05-2022

Subject: Calypso water park additional water flow for 2022 season

Prepared by: Doug Renaud, Director of Water and Wastewater

Revised by: Josée Brizard, CAO

Date of the meeting: July 11, 2022

Context

The Municipality has recently received a request to assist the Calypso water park with additional water for the 2022 operating season.

Report

The request received is to provide 4L/s of water to the Calypso water park to help supplement the existing water source (sandpit Casselman Cement) since it is in a low level condition. If the existing water source levels rise once again, the demand would be less than the original 4L/s.

In phase one of our new watermain with Rockland, we have a capacity of 849m³/day, of which 410m³/day is currently used to balance our existing water wells and current system users. Given that there has been no major residential development this year in Limoges, we therefore have room to accommodate the water park for this summer season. In the case of water restrictions, water ban or if the demand becomes a nuisance to the operation of the water distribution system, the Calypso water park will be reduced or even refused access to an additional water flow.

A temporary agreement should be put in place to allow for this operating season only and charged according to actual consumption. For this reason, the department is proposing not to allow the purchase of actual water units at this time until a further evaluation is completed.

Financial Considerations

Additional revenue from the additional flow at a cost of \$1.92/m³

Recommendation

The department recommends that council approve the additional requested flow of 4L/s at Calypso water Park for the 2022 operating season ending September 1, 2022 at a rate of \$1.92 per m³. We also recommend that council approve that the Mayor and the Chief Administrative Officer sign the agreement with Valcal EPR GP Inc.

Report to Council

Report Number: WS 07-2022

Subject: Discharge agreement with St-Albert Cheese Factory in the lagoon of the Village of St-Albert

Prepared by: Doug Renaud, Director of Water and Wastewater

Revised by: Josée Brizard, CAO

Date of the meeting: July 11th, 2022

Context

The Nation Municipality has entered into negotiations with the St-Albert Cheese Factory in order to allow them the use of our St-Albert lagoon. The Cheese Factory must pay the following costs and comply with the stipulations as described in the attached agreement.

Here are the main terms of the agreement:

Capital costs

The Cheese Factory undertakes to purchase 111.11 new sewer units, which is equivalent to 150m³/day of flow, at a price of \$1,444.29 per unit, for a total sum of \$160,984.44 for the capital reserve.

Rates payable for discharge and maintenance

As of June 1, 2022, the St-Albert Cheese Factory will be able to discharge an additional 50m³/day, for a total flow of 150m³/day. This includes the 100m³/day in the initial agreement dated 2014. From June 1, 2022 to December 31, 2022, the Cheese Factory will pay a flow rate of \$1/m³.

The Cheese Factory will be billed the annual maintenance fee commencing January 1, 2023 and each year thereafter for the total discharged flows from each previous year based on the total flow meter reading, in equivalent number of units, including the 74.07 existing units (100m³/day), and the 111.11 newly acquired units (150m³/day) up to the equivalent of 250m³/day of flow. The current annual maintenance fee of \$501.60 per unit is subject to increase each year in accordance with rates approved by the Council from time to time in accordance with By-Law 12-2022.

Effluent flow and quality monitoring

A flow meter must be installed in a place accessible by the Municipality (or its authorized agents) in order to record the flows on a regular basis (daily) during the discharging period. The Municipality has no objection to the staff of the Cheese Factory recording the flows and submitting this data to the Municipality or its authorized agents. This flow meter must be calibrated once a year by an approved technician, at the Cheese Factory's expense.

The Cheese Factory must allow municipal staff access to the lagoon and the flow meter 24 hours a day, 7 days a week, 365 days a year.

The existing flow restriction valve will be set to allow a maximum flow of 3 L/s sent during a 24 hour period, seven days a week. Access to this flow restriction valve will be limited to staff from the Cheese Factory and municipal staff. Any adjustment to the flow must be done in the presence of municipal staff.

Municipal staff must carry out a weekly sampling of the quality of the effluent from the lagoon dump cell of the Cheese Factory, which will be taken to an accredited laboratory approved by the Municipality. All sampling costs will be billed to the Cheese Factory, including 2 hours of labor.

In order to remain in compliance with the by-law on the use of sewers, a monthly average concentration will be used. If a monthly average is exceeded in any parameter of the Sewer Use Regulation, the discharge will terminate and the isolation valve will be closed until two consecutive samples are received below the regulation limits.

The two samples will be taken at least 7 days apart. Once passed, the municipality will authorize the continuation of the discharging. The following parameters will be included in the weekly sampling, but are not limited to these parameters alone.

CBOD5, TSS, TP, pH, TKN, Ammoniac total, Nitrate, Nitrite.

At any time, the municipality can sample for any parameter identified in the by-law on the use of sewers with respect to the quality of effluent from the cheese factory.

This agreement is based on the principle that the Cheese Factory will maintain a high quality effluent compared to a residential quality effluent, in order to reduce operating costs. Otherwise, any excess chemical treatment of effluents will be billed directly to the cheese dairy.

The Municipality must provide the Cheese Factory with a detailed written justification of any change in operating costs resulting from changes in government regulations regarding wastewater treatment. The operation costs mentioned above shall include, but not be limited to, chemicals, electricity, labor, capital improvements and other costs related to environmental compliance approval (ECA) issued by the Ministry of Environment, Conservation and Parks (MECP).

Recommendation

Be it resolved that Council approves this agreement and that the Mayor and the Chief Administrative Officer be permitted to sign this agreement.

SEWAGE DISCHARGE AGREEMENT

Made as of the day of , 2022

BETWEEN:

THE CORPORATION OF THE NATION MUNICIPALITY
(the "Municipality")

-and-

FROMAGERIE COOPÉRATIVE ST-ALBERT INC. /
ST-ALBERT CHEESE CO-OPERATIVE INC. ("St. Albert")

WHEREAS St. Albert operates a cheese manufacturing facility located on lands described municipally as 150 St. Paul Street, St-Albert, ON;

AND WHEREAS St. Albert is connected to the Municipality sewage system in the Village of St-Albert;

AND WHEREAS the Municipality has passed By-law No. 85-2021, being a by-law to set sewer rates for the Village of St. Albert;

AND WHEREAS By-law No. 85-2021 establishes sanitary sewer rates for additional units of capacity applicable to existing, connected properties;

AND WHEREAS By-law No 12-2022 section 3 establishes annual charges for use of sewer system in serviced areas of the Nation Municipality;

AND WHEREAS the Parties previously entered into a Sewage Discharge Agreement dated December 16, 2014;

AND WHEREAS the Parties desire to enter into this Agreement to establish rates applicable to additional units, together with certain other matters as set out herein;

NOW THEREFORE in consideration of the mutual terms, conditions and covenants contained herein and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

1. Previous Agreement

- 1.1. The December 16, 2014 agreement between the Parties is terminated effective the date of execution of the present Agreement.

2. Capital Charge for Additional Units

- 2.1 The Municipality agrees to allocate to St. Albert, and St. Albert agrees to acquire 111.11 new sewer units (in addition to existing 74.07 units), or the equivalent of 150m³/day of flow, at a price of \$1,444.29 per unit for a total of \$160,984.44.
- 2.2 Payment in full shall be made on or before September 1, 2022, failing which St. Albert's flow allocation shall be reduced to that existing on the date before execution of this Agreement. The capital charges collected shall be placed in the Municipality's sewage system capital reserve fund.
- 2.3 Notwithstanding any document or By-law to the contrary, St. Albert acknowledges and agrees that any further acquisition of sewer units in the future (ie. beyond the 111.11 units acquired by this Agreement) shall require the payment of capital charges on the basis of the then current per unit capital cost, not \$1,444.29 per unit.
- 2.4 The multi-lot equivalence (MLE) is based on a typical 450L/capita/day equal to (3) persons per dwelling. For illustrative purposes only, the calculation in Table 1 demonstrates the impact this would have on the MLE for each flow projection.

Table 1

Additional Daily St. Albert WWTP effluent (L/d)	MLE based on 1,350 L/day
150,000	111 units
200,000	148 units
250,000	185 units

3. Rates Payable for Discharge and Maintenance

- 3.1 Effective June 1, 2022, St. Albert may discharge an additional 50m³/day, for a total flow of 150m³/day. Which includes the 100m³/day in original agreement dated 2014.
- 3.2 From June 1, 2022 until, December 31, 2022 St. Albert shall pay a rate of \$1/m³ of flow.

- 3.3 St. Albert will be billed the annual maintenance charge beginning January 1, 2023 and each year thereafter for the total flow rates discharged from each previous year based on the total flow meter reading, in equivalent number of units, including existing 74.07 units (100m³/day), and the newly acquired 111.11 units (150m³/day) up to the equivalent of 250m³/day of flow. The current annual maintenance charge of \$501.60 per unit is subject to increase each year in accordance with rates approved by Council from time to time. As per by law 12-2022.

Annual maintenance cost calculation

(Annual total flow from Cheese Factory (m3) / 365 days) / MLE 1,350L (1.35m3) X Maintenance cost = cost for total annual equivalent units

Example:

Total flow for the year: 54750m3 / 365 = 150m3 / 1.35 * 501.60\$ = 55 733.33\$

- 3.4 In the event flows exceed 250m³ per day, the excess volume will be billed at the same rate as in section 3).

4. Flow Monitoring and Effluent Quality

- 4.1 A flow meter shall be installed by St. Albert in a place accessible by the Municipality (or its authorized agents) in order to record flow rates on a regular basis (daily) during the discharge period. St. Albert shall be permitted to record the flows and submit this data to the Municipality or its authorized agents. This flow meter must be calibrated once a year by an approved technician, at St. Albert's expense.
- 4.2 St. Albert shall grant municipal staff access to the lagoon and the flow meter 24 hours a day, 7 days a week, 365 days a year.
- 4.3 The existing flow restriction valve will be set to allow a maximum flow of 3 l/s over a 24-hour period, seven days a week. Access to this flow restriction valve will be limited to staff from St. Albert and the Municipality. Any adjustment to the flow must be done in the presence of municipal staff.
- 4.4 Municipal staff may carry out weekly sampling of the quality of effluent from the St. Albert lagoon discharge cell, which will be taken to an accredited laboratory approved by the Municipality. All sampling costs will be billed to, and paid by, St. Albert, including 2 hours of labor.
- 4.5 In order to remain in compliance with the Sewer Use by-law 107-2012, a monthly average concentration will be used. If a monthly average is exceeded in any parameter of the Sewer Use by-law 107-2012, the flow of discharge shall be stopped forthwith, until two consecutive

samples are received below the regulation limits. The two samples will be taken at least 7 days apart. Once the Municipality determines that the discharge falls within required parameters, the Municipality will authorize the continuation of the discharge.

4.6 The following parameters will be included in the weekly sampling:

CBOD5, TSS, TP, pH, TKN, Ammoniac total, Nitrate, Nitrite.

Notwithstanding the above, at any time, the Municipality may sample for any other parameter identified in the Sewer Use by-law 107-2012, as amended from time to time.

4.7 St. Albert acknowledges and agrees that it shall maintain a high-quality effluent, comparable to residential quality effluent, in order to minimize the Municipality's operating costs. In the event St. Albert fails to maintain effluent to such a quality, it agrees that any excess chemical treatment of effluents required to be carried out will be billed directly to, and paid forthwith by, St. Albert. All expenses for the additional costs will be submitted and reviewed to the Cheese Factory for auditing purposes.

5. Change in Municipality Operating Costs

5.1 The Municipality agrees to provide to St. Albert a detailed written explanation of any change in operating costs resulting from changes in government regulations regarding wastewater treatment. The operation costs mentioned above shall include, but not be limited to, chemicals, electricity, labor, and capital improvements and others only if the changes are required due to the quality of the waste water sources from the St Albert Cheese factory.

6. General

6.1 This Agreement contains the entire agreements between the parties hereto and any previous agreements, written or oral, between or on their behalf, relating to the Works are hereby cancelled. Except as otherwise provided for herein, no amendment or variation of any of the provisions of the Agreement shall be valid unless made in writing and signed by each of the parties.

6.2 Nothing in this Agreement shall relieve St. Albert from compliance with all applicable by-laws, laws, regulations, notices or other policies, laws or regulations established by any other government body that may have jurisdiction.

6.4 If any of the provisions of this Agreement are deemed void or invalid in whole or in part by a court of competent jurisdiction, such provisions or

parts shall be severed from this Agreement and the other provisions or parts of this Agreement shall remain in full force and effect.

IN WITNESS WHEREOF the parties hereto have executed this Agreement.

FOURNIER, ON
K0B 1G0

Madam,

The Mental Health and Addictions Regional Centre at Hawkesbury General Hospital and District is developing a mobile Mental Health and Addiction service.

Despite efforts to improve access to quality health care, vulnerable groups, including low-income people, people belonging to racial and ethnic minority groups, rural communities and the agricultural community continue to face challenges in accessing mental health and addiction services.

To address these challenges, our mental health and addiction services are trying to increase access to these services through new, less traditional means. Our mobile van service can deliver the necessary mental health and addiction services directly to underserved populations. The flexibility offered by the van allows professionals to dynamically respond to the current and evolving mental health needs of the population.

Our center is inquiring about the possibility of setting up its van on the arena grounds in St-Isidore every second Thursday of each month from June 30 until the end of September for a few hours. Our goal is to raise awareness of our services at large, provide education on key topics and promote mental health and addiction health, while providing an on-site walk-in counselling clinic for people who seek help. We would appreciate this unique opportunity to collaborate with your municipality.

Thank you for considering our request and look forward to working with you in the near future.

Yours truly,

Geneviève Arturi
Director – Mental Health and Addiction

Présentation de la Clinique Mobile de Counseling :

Le centre régional de santé mentale et toxicomanie de l'Hôpital général de Hawkesbury et district (HGH) met sur pieds une clinique mobile de counseling en santé mentale et toxicomanie.

Malgré les efforts déployés pour améliorer l'accès à des soins de santé de qualité, les groupes vulnérables, notamment les personnes à faible revenu, les personnes appartenant à des groupes raciaux et ethniques minoritaires, les communautés rurales et la communauté agricole continuent d'être confrontés à des problématiques d'accès à des services de santé mentale et toxicomanie.

Pour remédier à ces difficultés, nos services de santé mentale et de lutte contre les dépendances tentent d'accroître l'accès à ces services par de nouveaux moyens moins traditionnels. Notre service de fourgonnette mobile peut délivrer les services de santé mentale et toxicomanie nécessaires directement aux populations mal desservies.

Description des services :

Notre service consiste en l'installation de la fourgonnette dans un lieu accessible nous permettant de faire connaître nos services, d'offrir de l'éducation et de la promotion sur des sujets clés de la santé mentale et toxicomanie, tout en offrant une clinique de counseling sans rendez-vous sur place aux personnes qui demandent de l'aide.

Horaires des services :

La fourgonnette sera sur place à tous les deuxièmes jeudis du mois à partir du 14 juillet 2022 jusqu'à l'automne 2022 tant que la température le permettra.

Les heures sont de 10h00 à 15h00.

Endroit

La fourgonnette sera sur le terrain de l'Aréna au 20 rue de L'Aréna, St Isidore, Ontario K0C 2B0.

Obligations des parties :

1. Le **Centre régional de santé mentale et toxicomanie** s'engage à :

- ☐ Installer la fourgonnette de façon à ne pas causer de bris ou de bloquer l'accès aux installations du terrain convoité.
- ☐ Assurer la présence sur le terrain de la municipalité selon le calendrier et heures prévues dans le présent contrat.
- ☐ La fourgonnette doit être sur place un minimum de 30 minutes avant le début de l'ouverture de la clinique au public.
- ☐ Laisser le terrain sans déchet ou bris causé par le matériel installé sur place.
- ☐ Fournir une preuve d'assurance additionnelle sur demande.

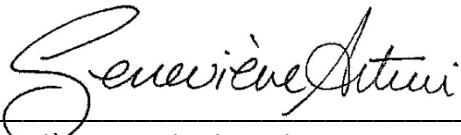

2. **La municipalité** s'engage pour sa part à :

- ☐ Mettre à la disposition des employés de l'HGH l'accès à des installations sanitaires de la municipalité durant la journée.
- ☐ Coordonner les détails logistiques si nécessaire.

EN FOI DE QUOI LES PARTIES ONT SIGNÉS à Hawkesbury, le vingtième jour du mois de juin 2022.

Attention : Ms. Joanne Bougie-Normand

RE : Drainage Superintendent Duties

Dear Ms. Bougie-Normand

Please find enclosed a brief description of work performed for the period between from June 1st to June 30th, 2022.

General Drainage concerns

- 1) We received a call from a landowner at the top end of the Villeneuve municipal complaining that his land as sitting water because an access culvert was set too high along this drain and water could not flow properly. I went to inspect and saw that some weeds were growing showing signs of sitting water, not excessive quantity but still not drying up. I told this owner that we would does a survey and see if the culvert should be lowered to give proper outlet to dry off his land.
- 2) We were asked if we could meet a landowner along the McLeod municipal drain, as he wanted me to inspect and also give him the procedures to plan the culvert replacement. We have reviewed the engineers reports for this municipal drain as there are three reports in regards to future maintenance of this drain. We will be sending the culverts section of the reports to make sure to confirm that every crossing within this drainage scheme as to be charged half to the owner and half to the drain. Some culverts were not mentioned being in good condition at the time the reports were written. A second owner asked if the culvert could be inspected for safety purposes. We inspected it and mentioned that we will have to plan the replacement and they would be using it at their own risk right now. It started to collapse and break. This crossing is an arched pipe and we will have to get quotes being a bigger size than the supplier as on the tendered size list.

- 3) We still have a trapper active on the Reynald Leduc municipal drain, and also plan to perform a ditch bottom clean out this summer as tile drains are under water because many beaver dams have been built and removed, but sediment accumulations have not been cleaned on the whole section affected.
- 4) We received a request from a landowner along the Isaie Methot municipal drain asking if the crossings were part of the drain. We researched the engineers report and gave him the information in regards to culverts being the property land owner's responsibility to maintain and replace. Being along the road, we also told him that he should contact the municipal Public Works department to get a permit for the culvert replacement.
- 5) We have reviewed land severances to comment and recommended to the planning department what should be required as conditions to update engineer's reports. We also made appeals as Drainage Superintendent to the C-O-R of the new Mill Creek report to divide the costs of severed lands within the watershed. This bares no cost to the owners and will save time and expense later.
- 6) I had discussions with some landowners along the 9th concession municipal drain as one asks to have some erosion control to stabilise the slopes and another owner needs to have a culvert replacement done. These requests are in procedure of engineer's report reviews and planning by getting quotes for culvert item not being on the tendered list. A third landowner as also requested a culvert inspection and replacement to be planned after being confirmed by inspection.
- 7) I received a request to inspect the Paxton creek in Fournier from a landowner along the natural watercourse being concerned by nuisance beaver activity. I went o meet the owner and explained that the stream is not a municipal drain and that possibly the road authority could help with cost if the problems could be a safety concern to the road. He showed me the section he thought a beaver dam was built. I showed him that this was not a beaver dam, but mainly branches that were accumulated by high water flow. I also explained what would be the signs of beaver activity. The water level was not a concern for the road and normal for the water quantity received.
- 8) I attended the DSAO meeting where we had a visit of a large dairy farm in that showed us how their farm was mostly self-sufficient producing their own power with a biodigestor, using manure and other products to provide dry mulch as underlay for the animals. They also had different barns for each stages of life of their livestock from birth to being mature milk producers. The farm was very clean and efficient where every aspect of farming was analysed to be as low cost and efficient and also caring of the animal's environment. We also had our meeting to discuss regulations and updates to each regulations committees. A work shop was also organised for staff having to organise, plan and have maintenance work including notification to agencies.

This was a good learning experience for new Drainage Superintendents having to see what an onsite meeting could look like as more experienced staff and Drainage Superintendents showed what types of questions and comments could be asked and how to handle a more hostile type of questioning could be seen at onsite meetings when you plan work on a municipal drain. A great initiative by the DSAO Chapter 6 group to help each other grow and share how we can all help members to get better at their work, and to be aware of the types of Questions and answers should be used to de-escalate some situations.

- 9) I was asked to supply the documents to report back to OMAFRA as required for municipal drain maintenance work completed in 2021. This is a usual request done every year to justify the work for maintenance grant application we sent in early spring.
- 10) The first C-O-R was held for the Mill Creek municipal drain were many cases were heard and resolved and a few were either denied or couldn't be presented at a C-O-R. The cases that were not, in regards to assessments had to be referred as an option to landowners to appeal to the Tribunal. As of the end of June, no appeals were filed to the Tribunal for the first sitting of the C-O-R. Some changes as required monetary changes of the schedule of assessments for landowners, so a second C-O-R had to be organised. The mail out was done for the sitting of a second C-O-R to be held in July of 2022 where landowners can only appeal changes following decisions of the first sitting affecting their land. We found two other land severances that had been completed and filed them to be updated. These updates would not require another sitting by themselves, as there are no changed to the schedule of assessment other than dividing the cost of one land in two part pro-rated by the size of land in the watershed. We also had to answer calls or emails from landowner asking details of the second mail out.
- 11) We sent the provincial ag-map and U-C of P & R, GIS coordinators updated that should be done for a few drains location on the systems not being at the proper place. This causes confusion with people using these as tools to plan work or owners having questions thinking that the drain is as the mapping systems shows. To have accurate information can save lost of time or confusing situation.
- 12) We have reviewed the Cobb's Lake Creek landowners list, preparing the mail out land owners to be ready when the engineers report final version is completed. We have received the final version including the assessment schedule, and are reviewing the information as some adjustments needs to be changed, revised or updated because of latest land severances. The severances if require to make appeals to the Court-of Revision when the time comes to update the schedule of assessments to reflect the changes made to provide fair cost shares for every parcel of land.
- 13) We have had a few meetings with either the U-C of P & R or landowner and contractor to plan the maintenance to the St-Pierre municipal drain to stabilise the slope on the south side of the drain showing many eroded sections as of this spring. We sent the notification to perform this task to the SNCA, and also a notice to the landowners in the watershed to let them know that an assessment would be sent for maintenance later. I received a few calls to gather information.

We asked the U-C of P & R road Superintendent if a temporary access could be set just for the time we would need to enter an agricultural land to bring in the stone needed to stabilise the slope. He agreed as long as we would remove it when we have completed the work.

- 14) We prepared and sent an onsite meeting invitation to the landowner in the watershed of the (Harold) Shane municipal drain to discuss maintenance needed to stabilise the lower section of the drain being severely eroded. This meeting will be held in early July.
- 15) We received a call from a concern owner close to the cycling trail on the Cross Creek telling me that the smallest culvert install under the trail is now completed blocked, and he was worried that his home could have worst flooding and that he was asking if I could resolve the issue. I had been discussion this issue for many months with The U-C Public Works Director, and he had warned me that they were in discussions and the cycling trail could change owners or having a different usage arrangement. I have contacted the U-C, PW Director again and he gave me the contact of the new owner's name being the recreational trail. We should have an onsite meeting to discuss their responsibility to change this culvert as soon as possible.
- 16) I have contacted a owner along the Henri Cuerrier –Lalonde Branch to discuss the need for maintenance on the drain. We should meet soon so I could plan the lent of maintenance required this fall.

Hoping the above is to your satisfaction, I remain.

Yours truly,

A handwritten signature in black ink, appearing to read 'Eric Leroux', with a stylized, flowing script.

Report to Council

Report Number: BL-04-2022

Subject: Special activity – Motocross at 1974 Des Pins

Prepared by: Guylain Lafleche, Director of By-law Enforcement

Date of the meeting: July 11th, 2022

On June 27, 2022, a request for a noise by-law exemption for the weekend of August 20, 21 & 22, 2022 was submitted by Mr. Hubert Lacroix for a special event located at 1974 Des Pins Street.

Report

The map below outlines the location of the activity;

Financial Considerations

Page 2 of 3

Recommendation

In the past, similar activities have taken place in the municipality. The Curd Festival, the Tractor Pull, the Duck and Feather Festival are all special activities that exist or have existed in the past.

Also, we have tried to contact the Ministry of Natural Resources for information on the possibility of this activity within a licensed sand pit. We are still waiting for a response from their office.

The By-law Department has no objection with the request, as long as it does not contravene other laws.

The proposed resolution to approve the noise by-law exemption is as follows:

“Be it resolved that Council approves the request from Hubert Lacroix for an exemption of the noise by-law from 11:00 p.m. on the August 20, 2022 to 1:00 a.m. on the August 21, 2022 and from 11:00 p.m. on August 21, 2022 to 1:00 a.m. on the August 22, 2022 for an event at 1974 des Pins Street in Limoges.”

Guylain Laflèche, MCIP, RPP

Director of the By-law Department

Sponsorship Naming Rights Policy

Policy Number: AD-2022-01

Subject: Sponsorship Naming Rights Policy

Date: July 11th 2022

Resolution:

The Nation Municipality Sponsorship Naming Rights Policy

Guiding Principle

To create new revenue to enhance facilities, programs and services for residents, The Nation Municipality (hereafter, also referred to as “the Municipality”) welcomes corporate sponsorship naming opportunities from qualified businesses and organizations (hereafter, also referred to as Sponsors.) The Municipality is open to creating opportunities through strategic partnerships with community groups, non-profit organizations, the private sector and other levels of government to improve services and amenities.

Purpose

To create a framework for corporate sponsorship naming rights that will supplement the Municipality’s funding for its facilities, programs and services.

Definitions

“the Municipality” – Refers to The Corporation of The Nation Municipality, its departments and staff.

“asset” - A physical or non-physical Municipality-owned element that has value to sponsors in order to achieve their business objectives.

“inventory of benefits” – The assortment of advertising and recognition benefits that are purchased and provided to the sponsoring business or organization within and around a Municipality asset.

“naming rights” – The right of a business or organization to have their preferred name and/or logo appear in well-exposed areas of a Municipality asset based on their purchase of this act for a defined period of time with an agreement approved by Council.

“ Sponsor”- The party (businesses, organizations, and individuals) that pays a fee that is mutually negotiated to have their official name and/or logo displayed on community assets of different sizes and locations.

“agreement” – the document that is mutually negotiated and formulated by the Municipality and the Sponsor that outlines the terms and conditions of the nature, location and duration of the displaying of the latter’s official name and logo on the former’s asset.

Scope

This policy shall apply to the relationship between the Municipality and a Sponsor who contribute financially for the naming rights of an asset of the Municipality.

General Principles

The following principles shall be followed by the Municipality and sponsor when engaged in sponsorship naming practices and activities:

- A Sponsor may contribute, in whole or in part, funds to a Municipality facility, public park, structure, sports field, open space, piece of equipment where sponsorship is mutually beneficial to both parties and in a manner consistent with existing guidelines and policies set by the Municipality.
- The cost and impact of changing existing signage, rebuilding community recognition and updating records must be considered before a municipal asset is renamed.
- The Municipality shall retain ownership and control over any named asset.
- Subject to the agreement, the naming right sponsorship must not impair in any way the Municipality's ability to manage the asset.
- The Municipality will consider all naming rights proposals but does not have an obligation to accept any. The Municipality reserves the right to refuse any proposal, including, but not limited to, those submitted by third parties whose activities are perceived to be incompatible with the Municipality's goals, values or mission.

Standards & Limitations

Sponsorship naming shall not:

- Result in, or be perceived to confer, any competitive advantage, benefit or preferential treatment to the named party, or a development, product, service or particular business;
- Be or perceived to be discriminatory or derogatory of race, colour, ethnic origin, gender identity or expression, sex, sexual orientation, creed, political affiliation, disability or other social factors;
- Result in inappropriate abbreviations or acronyms;
- Duplicate another named municipal asset;
- Unduly detract from the character, integrity of the community or aesthetic quality of the asset or unreasonable interference with its enjoyment or use;
- Place the Municipality in conflict with any agreements established in the acquisition or management of the property.

The Municipality reserves the right to refuse a Sponsorship with a potential Sponsor that, in the sole discretion of the Municipality, is an inappropriate Sponsor for the Municipality. Examples of inappropriate Sponsors may include, but are not limited to those that:

- Do not meet the requirements of this Policy.

- Could reflect negatively on the on the Municipality's public image or prove detrimental to the Municipality's integrity and/or reputation.
- Present a real or potential conflict of interest from the Municipality or for the potential Sponsor.
- Sponsorships that do not align with the audience or mandate of a specific asset.
- Involve a Sponsor who is not in good financial standing with the Municipality.
- Involve a Sponsor that is disqualified from doing business with the Municipality due to ongoing litigation, prior litigation, or other infringements against the Municipality.
- Involve a Sponsors that produces, distributes, sells or promotes products or services that may reflect negatively on the Municipality's public image or be detrimental to the Municipality's integrity or reputation (e.g. adult entertainment or sexual services, products that promote violence & sale of weapons, cigarettes, cigar or any tobacco or cannabis product etc.)
- Involve a Sponsor that promotes religious, political or other potentially divisive messages specific to any group or faction.
- Involves images or messages that are derogatory, prejudicial, harmful to or intolerant of any specific group or individual.

The Municipality, in its sole discretion, retains the right to approve the content of any sponsorship creative, branding, messaging, or other activation to be installed, placed or deployed on any Municipal asset, including any approved use or reference to the Municipality brand or logo. All sponsors must obtain prior documented approvals of any proposed creative, branding, messaging, or other activations to be implemented as part of a sponsorship of a Municipal asset. Municipality approvals of sponsor's content will be based on the following standards:

- Sponsors must not advocate violence, or terrorism.
- Sponsors must not undermine the Municipality's objectives of providing safe, and welcoming services and programs to the community.
- Sponsors must not expose or tend to expose any person or class of persons to hatred, or discrimination.
- Sponsors must not promote messages or images that are offensive or disturbing to community standards.
- Sponsors must not undertake marketing or communications that are, for any reason, demonstrably justified as being harmful, contradictory, or negatively impacting the delivery of community services or programs by the Municipality.

Official Sponsorship Naming

The Sponsor must specify how their name will be officially displayed and include this term in the legally-binding sponsorship agreement.

Duration of Sponsorship

The following must be considered when establishing the duration of a sponsorship naming agreement for any Municipality asset:

- The length of time of any naming rights agreement with a Sponsor for small municipal assets such as splash pads or baseball diamonds should range from **3 to 5 years**;
- Naming rights agreements for Sponsor for larger municipal assets like sports arenas and community centres should have a duration of **5 to 10 years, and**;
- Each sponsorship naming agreement should include an option to renew for a **negotiable duration**.

Location of Sponsorship Names & Logos

The location of the Sponsor name and/or logo should be clearly outlined in the sponsorship agreement. This would include the precise locations both on the interior and exterior of the building.

The Sponsor will not have their name and/or logo appear on any other Municipality asset that is outside the scope of the agreement.

Additional Sponsorship Benefits

An inventory of added standard and/or advanced benefits will be extended to the Sponsor of any asset by the Municipality. The Sponsor has the right to know what the approximate volume of traffic that the relevant asset will experience and the number of potential views that their name and/or logo will receive.

Terms of Payment

The mutually agreed upon sponsorship fee and the terms of payment must be clearly and prevalently articulated in the sponsorship agreement. The Municipality should require an approximate amount of 15% to 25% of the total amount of sponsorship as a deposit prior to the signing of the agreement as an expression of good faith.

The payment schedule must be clearly outlined in the agreement and the Sponsor is responsible for covering the cost of the production and installation of the signage and any required modifications to the asset.

Termination Rights

Circumstances that may result in the Municipality terminating the agreement with the Sponsor may include, but should not be limited to:

- The Sponsor makes modifications to the asset or the signage without approval from the Municipality;
- The Sponsor significantly falls behind in their payments;

- The Sponsor releases confidential information regarding the agreement or other crucial matters pertaining to the arrangement without the consent of the Municipality;
- The conduct and/or practices of the Sponsor change and no longer align with the Municipality's mission, values and priorities.

Minimum bid for naming rights

- Municipal Asset with an estimated value of under \$100,000 will not require a minimum bid amount.
- Municipal Asset with an estimated value of \$100,000 to \$1,000,000 will require a minimum bid of 10% of the value of the asset.
- Municipal Asset with an estimated value of \$1,000,001 and higher will require a minimum bid of 5% of the value of the asset.

Sponsorship

When the Municipality has identified an asset for a sponsorship naming rights opportunity an official inventory of benefits shall be formulated. The inventory of benefits will outline how the prospective Sponsors will be recognized or advertised internally, outside and in relation to Municipality assets. Benefits provided to the Sponsor by the Municipality are limited to those stated in the agreement.

Upon the approval of the inventory of benefits by Council, the Municipality will issue a request for "Expressions of Interest" from prospective sponsoring businesses or organizations. The duration of the request for "Expressions of Interest" should be 30 to 45 days. Promotion of the request for "Expressions of Interest" should occur through local print and broadcast media, and the Municipality's website Bids and Tenders and social media platforms.

The Municipality reserves the right to reject any, or all "Expressions of Interest", or to cancel the sponsorship naming opportunity completely. Those potential sponsoring businesses whose "Expressions of Interest" are accepted by the Municipality for further consideration will be invited to submit formal bids to the Municipality. The Municipality may accept or refuse any or all formal bids, in its absolute and unfettered discretion, and is not required to accept any, or the highest bid.

Casselman, Ontario KOA 1M0

Dear Josee Brizard

Re: Application for Special Occasion Permit

On August 26, 27, and 28, 2022 the Riceville Agricultural Society will be holding our annual Agricultural Fair. This event will celebrate community, volunteer's, event participants and Directors. This event will be held on the Riceville fairgrounds and all health protocols will be followed. The Board of Directors' wish to inform you that they will be applying to the Alcohol and Gaming Commission of Ontario for a "Special Occasion Permit" to operate a beer garden in conjunction with this event. We request this activity be recognized as a <<significant municipal event>> and a resolution be passed confirming this.

Please contact the undersigned should you have any questions regarding this event. We thank you for your support.

Yours Sincerely

Valerie Reid

Secretary Riceville Agricultural Society

The Honourable Doug Ford
Premier of Ontario
Minister of Intergovernmental Affairs
Premier's Office
Room 281
Legislative Building, Queen's Park
Toronto, ON M7A 1A1

Dear Premier Ford:

Please be advised that the Council of the County of Frontenac, at its regular meeting held June 15, 2022, passed the following resolution, being Motions, Notice of Which has Been Given, clause a):

a) Community Schools Alliance Action Plan and Social and Economic Impact for Small Communities in Ontario

Whereas all students should have the opportunity to attend elementary and secondary school in their home community;

And Further That the province increase the Rural and Northern Education Fund (RNEF) to \$50 million;

And Further That should the current moratorium on accommodation reviews and school closures be lifted, we ask that the moratorium remain in place for schools that qualify for the RNEF until a thorough review of the education funding formula is completed;

And Further That before templates required by the 2018 Pupil Accommodation Review Guide (PARG) are developed, there be consultation with school boards and community groups including the Community Schools Alliance.

And Further That a copy of this resolution be forwarded to Ontario municipalities, Community Schools Alliance, local MP's and MPP's and the Premier of Ontario.

Carried

I trust you will find this in order; however should you have any questions or concerns, please do not hesitate to contact me at 613-548-9400, ext. 302 or via email at jamini@frontenacounty.ca.

Yours Truly,

Jannette Amini, Dipl.M.M., M.A. CMO

ONTARIO ENERGY BOARD NOTICE TO CUSTOMERS OF ENBRIDGE GAS INC.

**Enbridge Gas Inc. has applied to dispose of
the balances of certain deferral and variance accounts.**

Learn more. Have your say.

If the application is approved as filed, a typical residential customer of Enbridge Gas Inc. will see the following one-time billing adjustment, effective January 1, 2023:

EGD Rate Zone (former Enbridge Gas Distribution Inc. customers)

- **Residential Rate 1 Sales Service and Direct Purchase** customers will see a one-time billing charge of \$5.01, effective January 1, 2023.

Union Rate Zone (former Union Gas Limited customers)

- **Union South Residential Rate M1 Sales Service** customers will see a one-time billing charge of \$9.34, effective January 1, 2023.
- **Union South Residential Rate M1 Direct Purchase** customers will see a one-time billing charge of \$1.91, effective January 1, 2023.
- **Union North-West Residential Rate 01 Sales Service and Direct Purchase** customers will receive a one-time billing credit of \$17.33, effective January 1, 2023.
- **Union North-East Residential Rate 01 Sales Service and Direct Purchase** customers will see a one-time billing charge of \$7.78, effective January 1, 2023.

Other customers, including businesses, may also be affected.

Under the OEB-approved Earnings Sharing Mechanism, Enbridge Gas Inc. is required to share with customers any earnings that are 150 basis points over the OEB-approved return on equity. Enbridge Gas Inc. says that its 2021 earnings were below the 150 basis point threshold and as a result it is not proposing to share any earnings with customers.

THE ONTARIO ENERGY BOARD WILL HOLD A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider Enbridge Gas's application. During this hearing, which could be an oral or written hearing, we will review Enbridge Gas's 2021 earnings and the deferral account balances that are requested for disposition. We will also hear questions and arguments from individuals that have registered to participate (called intervenors) in the OEB's hearing. At the end of this hearing, the OEB will decide whether to approve Enbridge Gas's request to dispose of the deferral account balances.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.

BE INFORMED AND HAVE YOUR SAY

You have the right to information regarding this application and to be involved in the process.

- You can review Enbridge Gas's application on the OEB's website now
- You can file a letter with your comments, which will be considered during the hearing
- You can become an intervenor. As an intervenor, you can ask questions about Enbridge Gas's application and make arguments on whether the OEB should approve Enbridge Gas's request. Apply by **July 8, 2022** or the hearing will go ahead without you and you will not receive any further notice of the proceeding
- At the end of the process, you can review the OEB's decision and its reasons on our website

The OEB intends to consider cost awards in this proceeding that are in accordance with the Practice Direction on Cost Awards and only in relation to the following:

1) The review of the following deferral and variance accounts:

EGD Rate Zone (former Enbridge Gas Distribution Inc.) Accounts

- Storage and Transportation Deferral Account
- Transactional Services Deferral Account
- Unaccounted for Gas Variance Account
- Average Use True-Up Variance Account
- Deferred Rebate Account
- Transition Impact of Accounting Changes Deferral Account
- OEB Cost Assessment Variance Account
- Dawn Access Costs Deferral Account

Union Rate Zones (former Union Gas Limited) Accounts

- Upstream Transportation Optimization Deferral Account
- Unabsorbed Demand Costs Variance Account
- Short-Term Storage and Other Balancing Services
- Normalized Average Consumption Deferral Account
- Deferral Clearing Variance Account Variance Account
- OEB Cost Assessment Variance Account
- Parkway West Project Costs Deferral Account
- Lobo D/Bright C/Dawn H Compressor Project Costs Deferral Account
- Panhandle Reinforcement Project Costs Deferral Account
- Unaccounted for Gas Volume Variance Account
- Unaccounted for Gas Price Variance Account

Enbridge Gas Inc. Accounts

- Tax Variance - Accelerated Capital Cost Allowance – Enbridge Gas Inc.
- Integrated Resource Planning Operating Costs Deferral Account

- 2) The review of Enbridge Gas Inc.'s 2021 earnings, earnings sharing calculations and the 2021 Performance Scorecard.
- 3) The review of the methodology for the allocation and disposition of the deferral and variance account balances.

LEARN MORE

These proposed charges relate to Enbridge Gas's distribution services. The above referenced billing adjustment will appear as a separate line on your bill. Our file number for this case is **EB-2022-0110**. To learn more about this hearing, find instructions on how to file a letter with your comments or become an intervenor, or to access any document related to this case, please select the file number **EB-2022-0110** from the list on the OEB website: www.oeb.ca/notice. You can also phone our Public Information Centre at 1-877-632-2727 with any questions.

ORAL VS. WRITTEN HEARINGS

There are two types of OEB hearings – oral and written. Enbridge Gas has applied for a written hearing. The OEB will determine at a later date whether to proceed by way of a written or oral hearing. If you think an oral hearing is needed, you can write to the OEB to explain why by **July 8, 2022**.

PRIVACY

If you write a letter of comment, your name and the content of your letter will be put on the public record and the OEB website. However, your personal telephone number, home address and email address will be removed. If you are a business, all your information will remain public. If you apply to become an intervenor, all information will be public.

This rate hearing will be held under section 36 of the Ontario Energy Board Act, 1998, S.O. 1998, c.15, Schedule B.

Objet : Don municipal 2022

Messieurs et Mesdames, membres de la Municipalité de la Nation,

En mai dernier nous avons de nouveau reçu un don pour nos Services Communautaires. En cette période pandémique l'argent a grandement servi pour le transport à l'épicerie, rendez-vous chez le médecin et j'en passe.

Cependant suite à la rafale du 21 mai dernier, les besoins se sont faits criants, étant donné que les gens manquaient d'électricité. Pour certains de nos membres ce fut pour une période de dix jours.

Les Services Communautaires avaient émis un communiqué à savoir qui était dans le besoin. Les autres étaient appelés individuellement. Ils ont livrés des repas à domicile et ce, selon les besoins de chacun.

C'est indiscutable qu'on aurait pu faire encore plus mais grâce à votre appui financier on a aidé les gens les plus vulnérables en leur fournissant de la nourriture et autres. Les gens ont tendance à s'isoler de plus en plus, suite à la Pandémie. L'on se doit de garder un contact avec eux, afin de subvenir à leurs besoins.

Merci d'appuyer financièrement nos organismes qui éprouvent beaucoup de difficulté à reprendre leur vitesse de croisière!

Bien à vous,
Agathe Poirier, présidente
Du Comité consultatif de Saint-Bernardin,
(Sous-comité des Services Communautaires
De Prescott-Russell).

CLERK'S DEPARTMENT

June 28, 2022

Honourable Doug Ford
Premier of Ontario
Legislative Building
Queen's Park
Toronto, ON
M7A 1A1

Dear Premier Ford:

Re: Niagara Region Report PHD 2-2022 & By-law 2022-35 - Waterpipe Smoking By-law

This correspondence is to confirm that on June 27, 2022, West Lincoln Township Council adopted the following resolution regarding the Waterpipe Smoking By-law.

That, the correspondence from the Town of East Gwillimbury, dated June 15, 2022, requesting the Government of Ontario to revisit the provisions of Bill 109 and work with all stakeholders, including municipalities represented by the Association of Municipalities of Ontario to deliver legislation that allows municipalities to plan, grow and deliver communities that adhere to local, provincially-approved Official Plans, rather than strict statutory timelines; be received and supported; and,

That, a copy of this Motion be sent to the Honourable Doug Ford, Premier of Ontario, MPP Caroline Mulroney, the Minister of Municipal Affairs and Housing, Regional Chairs in Ontario, the Association of Municipalities of Ontario (AMO) and all Ontario municipalities

If any further information is required, please contact the undersigned at 905-957-5136.

Yours truly,

Joanne Scime
Clerk

cc. The Honourable Steve Clark, Minister of Municipal Affairs and Housing
The Honourable Caroline Mulroney, MPP York-Simcoe
Regional Chairs in Ontario

Re: Funding Support for Infrastructure Projects - Bridge and Culvert Replacements in Rural Municipalities

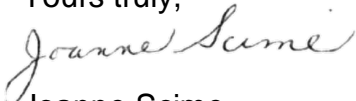

This correspondence is to confirm that on June 27, 2022, West Lincoln Township Council adopted the following resolution regarding Funding Support for Infrastructure Projects - Bridge and Culvert Replacements in Rural Municipalities

That, the correspondence from the Township of East Hawkesbury, the Township of Clearview, the Township of Adjala-Tosorontio, the Township of Adelaide-Metcalf, the Township of Lake of Bays, the Township of Amaranth, the Township of Scugog, and Northumberland County, requesting support by encouraging the Province of Ontario and the Government of Canada to provide more funding to rural municipalities to support infrastructure projects, including those projects related to major bridge and culvert replacements; be received and supported; and,

That, a copy of this resolution be sent to the Federal and Provincial Ministers of Infrastructure, Sam Oosterhoff, MPP - Niagara West, Dean Allison, MP - Niagara West, the Association of Municipalities of Ontario (AMO), and all Ontario Municipalities.

If any further information is required, please contact the undersigned at 905-957-5136.

Yours truly,

Joanne Scime
Clerk

Notice of Public Open House

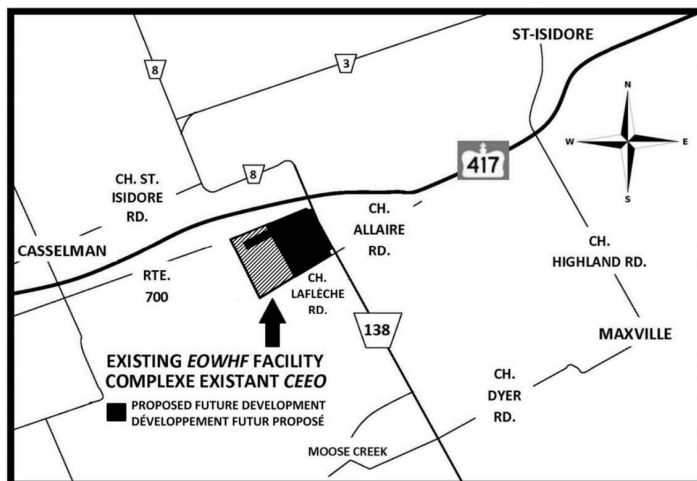

Future Development of the Eastern Ontario Waste Handling Facility Environmental Assessment

GFL Environmental Inc. (GFL) is undertaking an environmental assessment under the *Environmental Assessment Act* for the future development of the Eastern Ontario Waste Handling Facility (EOWHF) in Moose Creek, Ontario.

The future development will involve the construction of an additional 15.1 million cubic metres of landfill disposal capacity over a 20-year planning period. The development will allow GFL to provide continued essential waste disposal services to the region and economic support to the local community. No changes to the approved fill rates or site access routes are proposed.

The EOWHF is located within the Township of North Stormont, approximately 5 kilometres north-northwest of the village of Moose Creek, Ontario, and 5 kilometres east of the village of Casselman, Ontario. The proposed future development will be on land currently owned by GFL.

The EA is considering two alternative methods for providing the additional disposal capacity. The development of Stage 5 adjacent to and north of the existing landfill is the same for both alternative methods. One alternative method involves developing an additional four stages oriented east-west within the future development lands, east of the existing site. The second alternative method involves developing an additional three stages oriented north-south within the future development lands, east of the existing site. A stormwater management system will be constructed consisting of conveyance ditches around the perimeter of each stage and a retention pond located north of the new stages. For both alternative methods, the design of the stages will be consistent with the existing EOWHF landfill design. Visual screening will be constructed along the north and east perimeters and a portion of the south perimeter consisting of earthen berms and/or vegetation plantings. A new road entrance will be constructed from Lafleche Road, which will include a new scale facility. Both alternative methods will continue to use established operating procedures currently in place at the EOWHF and would maximize the use of existing site infrastructure. Information on the project and the EA is available on the project website <https://gflenv.com/moose-creek-landfill-expansion>.

GFL is hosting a **Public Open House** to provide an update on the project and the assessment of alternative methods, and present the results of the comparative evaluation that was conducted to identify the preferred alternative for the project. Members of the public, agencies, Indigenous communities, and other interested persons are encouraged to attend the Open House scheduled for **Wednesday, July 20, 2022** at the **Moose Creek Recreational Arena, 9 Munroe Street, Moose Creek, ON** from **4 p.m. to 8 p.m.**

You are encouraged to attend and participate by asking questions and providing comments on the evaluation of the alternative methods. In addition to attending the Public Open House, you are invited to submit your comments by mail, email, or fax to the contact for the project provided below. If you would like to be added to the project mailing list or have project-related questions, please contact:

Mr. Greg van Loenen, Environmental Compliance Officer
GFL Environmental Inc.
17125 Lafleche Road, Moose Creek, Ontario K0C 1W0
Telephone: 613-538-2776 ext. 2223
Fax: 613-538-2779
Email: gvanloenen@gflenv.com

All personal information included in a submission – such as name, address, telephone number and property location – is collected, maintained and disclosed by the Ministry of the Environment, Conservation and Parks for the purposes of transparency and consultation. The information is collected under the authority of the Environmental Assessment Act or is collected and maintained for the purpose of creating a record that is available to the general public as described in s.37 of the Freedom of Information and Protection of Privacy Act. Personal information you submit will become part of a public record that is available to the general public unless you request that your personal information remain confidential. For more information, please contact the Ministry of the Environment, Conservation and Parks' Freedom of Information and Privacy Coordinator at 416-327-1434.

Évaluation environnementale pour le développement futur de l'installation de traitement des déchets de l'Est de l'Ontario

GFL Environmental Inc. (GFL) a entrepris une évaluation environnementale (ÉE) en vertu de la Loi sur les évaluations environnementales pour le développement futur de l'installation de traitement des déchets de l'Est de l'Ontario (EOWHF) à Moose Creek, en Ontario.

Le développement futur comprend la construction de 15,1 millions mètres cubes supplémentaire pour augmenter la capacité du site d'enfouissement des déchets sur une période d'environ 20 ans. Le développement permettra à GFL de continuer à fournir les services essentiels pour l'élimination des déchets dans la région et de contribuer à l'économie locale. Aucune modification relative aux tonnages autorisés et aux voies d'accès au site n'est proposée.

L'EOWHF est situé dans le canton de North Stormont, à environ 5 kilomètres au nord-nord-ouest du village de Moose Creek, en Ontario, et à 5 kilomètres à l'est du village de Casselman, en Ontario. Le futur développement proposé sera situé sur des terrains qui appartiennent déjà à GFL.

L'ÉE envisage deux méthodes alternatives pour fournir la capacité d'élimination supplémentaire. Le développement de l'Étape 5 à côté et au nord de la décharge existante est le même pour les deux méthodes alternatives. La première méthode alternative consiste à aménager quatre étapes supplémentaires orientées est-ouest à l'intérieur des futurs terrains, à l'est du site existant. La deuxième méthode alternative consiste à aménager trois étapes supplémentaires orientées nord-sud à l'intérieur des futurs terrains, à l'est du site existant. Un système de gestion des eaux pluviales sera construit composé de fossés autour du périmètre de chaque étape et d'un bassin de rétention situé au nord des nouvelles étapes. Pour les deux méthodes alternatives, la conception des étapes sera cohérente avec la conception de la décharge existante de l'EOWHF. Un écran visuel sera construit le long des périmètres nord et est et sur une partie du périmètre sud constitué de bermes en terre et/ou de végétation. Une nouvelle entrée de route sera construite à partir du chemin Laflèche, qui comprendra une nouvelle installation de pesée. Les deux méthodes alternatives continueront d'utiliser les procédures d'exploitation établies actuellement en place à l'EOWHF et maximiseront l'utilisation de l'infrastructure existante du site. Les informations du projet et de l'évaluation environnementale sont disponibles sur le site Internet du projet <https://gflenv.com/moose-creek-landfill-expansion>.

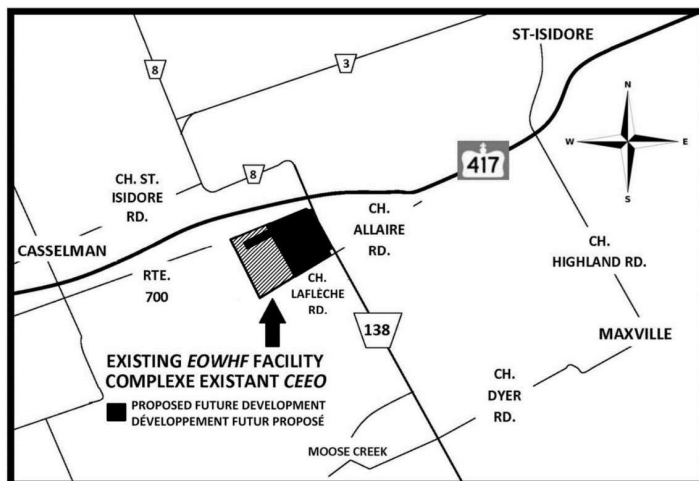

GFL Environnemental tiendra une journée **portes ouvertes au public** pour fournir une mise à jour sur le projet, l'évaluation d'alternatives et présenter les résultats de l'évaluation comparative qui a été réalisée pour identifier l'alternative favorisée pour le projet. Les membres du public, des agences, des communautés autochtones et toute autre personne intéressée sont encouragés à assister aux Portes ouvertes prévues pour **mercredi le 20 juillet 2022, à l'aréna de Moose Creek, 9, rue Munroe, Moose Creek (Ontario), entre 16 h à 20 h**.

Vous êtes encouragé à être présent et à participer en posant des questions et en nous fournissant vos commentaires sur l'évaluation des méthodes alternatives. En plus de votre présence aux portes ouvertes au public, nous vous invitons à nous soumettre vos commentaires par la poste, par courrier électronique ou par fax à la personne contacte du projet mentionné ci-dessous. Si vous désirez être ajoutés à notre liste de diffusion de projets ou avez des questions concernant le projet, veuillez communiquer avec :
