

GENERAL NOTICE

The documents attached to the following agenda have a legal binding only if they have been confirmed by the Municipal Council.

Please check with the administration to find out if any modification and/or withdrawals of subjects have been made.

YOUTUBE LIVE STREAMING

We highly recommend that all members of the public remain in the comfort and safety of their homes and watch the Council deliberations live streamed on The Nation's YouTube channel.

You can visit [The Nation Municipality's YouTube channel](#) to view the meetings.

Due to the limited number of seats in the Council chambers, we recommend registering to attend a meeting in person. If you wish to reserve a seat, please contact the Deputy Clerk at 613-764-5444 extension 228 or by email at aroy@nationmun.ca.

COMMENTS AND QUESTIONS

If you have any questions or comments relating to an agenda item, please contact the Clerk at 613-764-5444, extension 235, or by email at jbrizard@nationmun.ca.

FINANCE DEPARTMENT REPORT

Report number: F-23-2022

Subject: 2023 Budget Planning

Prepared by: Nadia Knebel, Treasurer

Reviewed by: Josée Brizard, CAO-Clerk

Date: November 21st, 2022

INTRODUCTION:

We will soon start discussing next year's budget. A proposed schedule is detailed below.

BUDGET PROCEDURE PROJECTION:

The property assessment for 2022 will not see a major change from 2021 since there was no revaluation due to COVID-19. In terms of the tax rate, in 2022 there was an increase of 2.71% over the revenue neutral levy, which represented 2.83% increase of the tax rate. The tax rate for 2023 will be determined according to your guidelines.

The operating and capital budgets, including a list of priority projects, were received from the Heads of Departments and these have been reviewed by the CAO. They will also be reviewed by the Management Committee and discussed with each department head.

It is proposed to advertise requests from the public with regards to the 2023 budget on our social media as well as in local newspapers. This format has been used for a few years now and has proven efficient as requests are submitted in writing. The ads would be published in the last week of November and written requests will be accepted until December 23rd, 2022.

The first draft budget will be presented to Council for discussion on January 16th and 17th, 2023. Following this first draft meeting, a date for the second draft revision will be determined. Once we have completed the exercise the official budget will be presented for adoption in the following weeks.

ATTACHMENT:

Ad to be published.

Nadia Knebel, CPA
Treasurer

Report to Council

Report Number: CL-11-2022

Subject: 2023 Regular Council Meeting Schedule

Prepared by: Aimée Roy, Deputy Clerk

Revised by: Josée Brizard, CAO Clerk

Date of the meeting: November 21, 2022

Context

Pursuant to Section 3.1 of the Council Procedural By-law, number 68-2021, regular council meetings shall be held on the second and fourth Mondays of each month; pursuant to Section 3.2 of by-law no 68-2021, if the second or the fourth Monday fall on a holiday or on a conference date, the meeting shall be held the following Monday, unless otherwise decided by Council.

Additional meetings may be added to the calendar as needed, as called by the mayor (President); these will be considered “Special” meetings.

Report

Key dates:

- [Holidays in Ontario](#)
- January 22 to 24, 2023: Rural Ontario Municipal Association (ROMA) Annual Conference
- April 16 to 19, 2023: Ontario Good Roads Annual (OGRA) Conference
- June 11 to 14, 2023: Association of Municipal Clerks and Treasurers of Ontario (AMCTO) Annual Conference
- Note: *Association française des municipalités de l'Ontario* (AFMO) conference dates not yet announced.

Proposed Meeting Dates:

- January 16, 2023 (Budget)
- January 17, 2023 (Budget)
- January 23, 2023
- February 13, 2023
- February 27, 2023
- March 13, 2023
- March 27, 2023
- April 3, 2023
- April 24, 2023
- May 8, 2023
- May 29, 2023
- June 12, 2023
- June 26, 2023
- July 10, 2023
- July 24, 2023
- August 14, 2023
- August 28, 2023
- September 11, 2023
- September 25, 2023

- October 16, 2023
- October 30, 2023
- November 13, 2023
- November 27, 2023
- December 4, 2023
- December 11, 2023

Recommendation

That the meeting dates for 2023 be approved as presented.

Attention : Ms. Joanne Bougie-Normand

RE : Drainage Superintendent Duties

Dear Ms. Bougie-Normand

Please find enclosed a brief description of work performed for the period between from October 1st to October 31st, 2022.

General Drainage concerns

- 1) The southern slope stabilisation planned at the St-Pierre municipal drain was all completed by installing larger sorted stones over geotextile. We had to remove smaller stone and material that slumped from the road crossing replacement done last year. The gabion that was installed was too small, and was washed out to the bottom of the drain near the inlet of the crossing. We also repaired some short section that had eroded with stones over geotextile to prevent larger scale landslides. We slope some steeper sections of the drain to remove weight from the top which helps to lower the velocity of water as it rises because the side slopes are wider giving more capacity room to outlet the drain without adding pressure near the outlet. The owner was understanding and agreed to let us slope the ditch banks and also told us that we would leave a buffer strip along to help build a good root system to keep earth from being eroded away. The lower section of the slopes were stabilised with stone and the top portion of the slopes were seeded to help grow a fast root system to hold the earth better.
- 2) We had the municipalities HVAC truck to flush the culverts along the section of the Henri Cuerrier- Lalonde Branch municipal drain that was previously cleaned to have let obstruction on the drain. We were also able to see the condition of the crossings. One culvert was damaged and a large stone from the end wall was almost blocking the whole inlet of the culvert. This would be blocking the flow with ice in spring causing possible flooding. I had a discussion with the land owner of this access culvert and he told me that he had a good wider culvert close by that would be sufficient. He was in agreement to remove this culvert as it is an obstruction that would relieve the drain.
- 3) The last planning stages were completed including permit application to the SNCA to be prepared for the maintenance and construction stage of the Adam municipal drain.

The contractor was contacted to plan have the material ordered for the channel closure. The job will be scheduled as permits are received.

- 4) I had a meeting with the landowner's of the Hubert Harrigan Mutual drain agreement, and the ditch bottom clean out as been performed in October as planned. The drain was full to the top on most of the highest section down past the middle section. The spoils are the only item that as to be spread to complete the work. This will be discussed with the landowner where the earth was removed from the drain.
- 5) I have received a proposal from Robinson Consultants to provide a plan to replace the culverts profile under the cycling trail. I sent the proposal to the cycling trail new director as they would have to pay the cost for the work and new sized culvert to replace the collapsed culvert. This process would be under section 78(5) where only one culvert of one owner is affected by a change of sizing or profile. The owner could petition to have the municipality appoint the engineer under this section. This would help to resolve the issue before next spring where flooding could bring liability to the owner if not resolved. I contacted the cycling trail Director that told me he needed two weeks to discuss this matter with the CA of the cycling trail, and he would get back to me.
- 6) The two hazardous culverts on the Ranger municipal drain were installed as required with extended slopes, and no end walls. An engineering firm will have to be appointed to follow normal procedures to draft a new report that would include the culvert as per requirements of the road authority, and an updated schedule of assessments to be presented to landowners and municipal council. There is an appeal process where everyone involved can send appeals for assessments or technical aspects of the report. An Hydro one truck had to be hired to hold an hydro pole during the replacement of the second culvert being too close to the initial culvert where we had to dig. The installation went very well and the truck did not have to be there for more than a few hours.
- 7) One of the two culverts required to be replaced on the McLeod municipal drain was replaced as a contractor was already working for the landowner where it needed to be changed. This work will be part of an assessment after the two culverts will be replaced. The second culvert is an elliptical larger culvert ordered many weeks ago and should be delivered in November.
- 8) A landowner called in to ask for a prompt solution to remove nuisance beaver issue along the Gaston Levac municipal drain as the lower part of his land was flooded and they wanted to plow the land soon, but it needed to dry off before they could access it. We went to open the dam to the bottom by hand as a larger machine could not have access as the fences were to narrow. A trapper was called in the rid the drain of nuisance beaver.
- 9) I had received a request to clean every municipal drain that crosses the Riverbank road. We started to clean the ditch bottom of the Hartley municipal drain, and it is very dirty. This work is ongoing.
- 10) I was called to let me know that an access culvert had collapsed on the Gaetan Levac municipal drain. I went to inspect to see a hole through the culvert where the owner was hauling fill. I ordered the culvert, and was able to get within a few days and installed it within the same week.

- 11) I received a request to inspect the Scheirding municipal drain as it was flooded caused by nuisance beaver. I went to inspect the area as a trapper told he couldn't get to find the dam as the land was flooded and he didn't know where to find the dam. I went to look and had to walk in water for a long section of the drain before getting to the dam that was built over the ditch banks and onto the land causing for many acres of land to be flooded. I was able to breach the largest dam the first day to lower the level on a sequential daily process not to over flood the downstream section of the drain. The second day I started to open the smaller dam, and lower the largest dam after to again lower the water level. Being in a black muck area makes it very difficult to bring an excavator when the land is flooded as the excavator could sink. I was able to return the water within the ditch banks on the second day. The trapper was made aware that he will now be able to access the drain better. This is ongoing work.
- 12) I received a call from a landowner along the O'Brien municipal drain that a large beaver dam was built close to the connection of the Reynald Leduc municipal drain. I went to inspect and saw the large beaver dam, but also three others. I called a trapper to help rid the drain of nuisance beaver. I will have to look if I could get a long stick excavator to remove the beaver dams as this drain is deep and an ordinary excavator would not have enough reach to perform this work. If not this would have to be breached by hand to return the drain to normal water levels.

Hoping the above is to your satisfaction, I remain.

Yours truly,

A handwritten signature in black ink, appearing to read 'Eric Leroux', with a stylized flourish at the end.

Date

St-Albert, le 9 novembre 2022

Chères/chers membres du conseil,

À qui de droit,

Depuis 2020, le Groupe Simoncic, au nom du Festival de la Curd de St-Albert, mène un projet spécial d'exposition artistique dans l'est-ontarien qui se nomme Oh! La vache. Vous avez probablement eu la chance d'admirer plusieurs vaches peintes devant les commerces et fermes locales. Cette exposition met en valeur le travail de plusieurs artistes canadiens ainsi que des élèves d'écoles de la région et incite les gens à visiter la région avec un itinéraire qui relie toutes les œuvres d'art.

Cette année, le Festival de la Curd offre une programmation sous un tout nouveau format, qui est présenté au Centre communautaire de Saint-Albert. Quatre spectacles auront lieu à la salle entre maintenant et le 31 mars 2023, les deux premiers ayant déjà été annoncés. Nous sommes fiers de présenter le fascinateur Messmer le 27 novembre prochain et le tout nouveau spectacle de Noël de Nicola Ciccone le 16 décembre. Nous travaillons également sur deux autres spectacles pour l'hiver 2023, qui seront annoncés dans les semaines à venir.

Afin de lier les 2 projets, nous aimerions la permission d'installer quelques vaches et veaux (entre 3 et 5) sur le terrain du Centre communautaire. Elles attireront l'attention des passants et des amateurs de l'exposition au Centre communautaire, et de ce fait, au Festival de la Curd et aux spectacles que nous présenterons. Les vaches pourront aussi rappeler aux gens que le festival se déroule au Centre communautaire cette année, plutôt qu'à la fromagerie, où il s'est toujours tenu.

L'exposition des vaches resterait sur le site du Centre communautaire jusqu'à la fin de notre programmation 2022-2023, soit avril 2023. Avenant le cas que ce plan change, nous serons en communication avec le conseil. Idéalement, elles seraient installées de chaque côté du stationnement, le plus près permis de la rue, pour être à la vue, mais nous sommes évidemment ouverts aux suggestions d'emplacements.

Je vous remercie de la considération que vous porterez à notre demande,

Veuillez agréer mes plus sincères salutations,

Coordonnatrice événementielle
Groupe SIMONCIC

Limoges Recreation Committee
Comité des loisirs de Limoges

November 6, 2022

To: Nation Council,

This is a request from the Optimist Club, Recreation Committee, and Firefighters Association of Limoges for the Christmas Parade in Limoges. We are organizing a parade of lights Saturday Dec 3rd, 2022 at 6:30pm. We are anticipating the parade ending at the park at approximately 8:30pm.

The Population to attend is estimated at approximately 3000 people and anticipating a maximum of 40 floats. Nation Fire Department Station 5 will be taking care of the road closures of the following streets Mabel at Limoges Road to Des Pins to the Parc Rodolphe.

This is an exciting event that three of the Limoges organization are coming together and organizing a fun event for the committee. The Optimist club will be providing insurance for the event.

Should have any questions please feel free to contact me [REDACTED]

Thank you

Demande pour un défilé de Noël à St-Albert

Mesdames, Messieurs,

Cet évènement est organisé par le comité de collecte de fonds du 150^e dans le cadre de son salon de Noël.

Nous aimerions organiser un défilé de Noël le vendredi 9 décembre 2022 à 17h30. Le défilé se terminera au centre communautaire à 18h30. Nous prévoyons un total de 15-20 flottes. Nous travaillons également avec les pompiers en ce qui concerne le contrôle de la circulation routière et la sécurité.

Route: Début Montée Guerin et fin au Centre communautaire

Parade de Noël 2022

Christmas Parade 2022
Saturday, December 3rd, 2022

For the safety of everyone participating and watching the parade, we would ask that you read the following requirements and pass them along to all the participants on your float.

Participation requirements: Your float must be dressed up in a seasonal Christmas theme with festive lights. We ask that you have at least 1 person walking on each side of the float to keep spectators at a safe distance during the parade.

Position of the participants: When arriving organizers will place you in designated lanes for your position of the parade, this on Mabel Street.

Security: Please do not throw any candies or anything else, but rather hand them out to the spectators.

Santa Costumes: Please make sure that there are **no individuals dressed as Santa** on your float. We want to ensure that there is only one Santa in the parade.

- At 5:45pm at the latest: You should be in line on Mabel Street; **enter Mabel Street from Limoges Road only**
- Members of the Limoges Firefighters Association will be on site to make sure that everything is running smoothly and to help you if you have any problems
- The starting point is Mable Street, it will go to the end of Mable, turn left on Des Pins and finish at the park
- The parade will start at 6:30 pm sharp – the parade should last approximately 60 minutes
- All-Terrain Vehicle (ATV) will be permitted during the parade. Those driving ATV's must have a valid driver's license
- The speed for the participants in the parade is 5km/h
- Don't forget to smile during the parade!
- Pictures will be taken during this event
- Please leave at least 15 feet between you and the float in front of you
- Dress accordingly and be careful of young children!

**Please fill out the registration form (below) and return it,
along with your registration payment no later than November 25th, 2022.**

Thank you!

Subject: Bill 23 - Impacts on SNC services to Municipalities

Good afternoon Mayors, Deputy Mayors, CAOs and Board Members,

We are sharing this message with municipal contacts within the South Nation Conservation jurisdiction.

In response to the proposed Bill 23, the *More Homes, Built Faster Act*, Eastern Ontario Conservation Authorities (CAs) have been meeting with municipalities and MPPs to discuss impacts to municipal planning and development processes and to coordinate responses related to the significant environmental policy changes proposed. Key concerns include prohibiting municipalities from entering into agreement with CAs for the delivery of environmental planning services and changes to the evaluation and designation of Provincially Significant Wetlands (PSW).

Please note that while many CAs in the GTA complete all environmental reviews and regulate all wetlands on behalf of their municipalities, SNC only completes certain environmental reviews as requested by municipalities (drinking water source protection, natural hazards, stormwater facilities, hydrogeological reviews, environmental impact studies, etc.) and only regulates interference with PSWs and Locally Significant Wetlands (designated by municipalities through local zoning).

You can access SNC's Press Release [here](#).

Our partners are concerned with the loss of local decision-making for environmental reviews and the proposed downloading of services, at increased costs, to municipalities, especially in rural Eastern Ontario.

Submissions are encouraged as part of the Committee review of the proposed bill, which ends on November 19th, 2022.

Eastern Ontario CAs and municipalities are coordinating a joint letter, which can be signed by Mayors later this week.

We plan to follow-up with individual municipalities to support endorsements of the Eastern Ontario letter, please feel free to follow-up should you have any questions.

Best,

[REDACTED]

Programme de ressources pour les boisés aux propriétaires fonciers locaux

Le programme de ressources pour les boisés de la Conservation de la Nation Sud (CNS), avec l'appui des Comtés unis de Prescott et Russell (CUPR) et de Stormont, Dundas et Glengarry (SDG), propose aux propriétaires fonciers qui possèdent au moins **10 acres** de forêt de bénéficier des visites, sans frais, d'un technicien en foresterie.

Le technicien effectue une évaluation préliminaire du site, offre des conseils aux propriétaires désireux d'en apprendre davantage sur leurs boisés ainsi que des informations sur les programmes, tels que le Programme d'encouragement fiscal pour les forêts aménagées de l'Ontario, qui peut offrir une réduction d'impôt allant jusqu'à 75 % pour les terres résidentielles privées en Ontario.

Les propriétaires fonciers remplissant le plan du Programme d'encouragement fiscal pour les forêts aménagées sont également admissibles à une subvention maximale de 500 \$ de la part de CNS, avec le soutien des partenaires.

Pour les Comtés Unis de SDG en 2022, des visites gratuites de boisés sont toujours disponibles et les demandes pour les CUPR seront prévus en 2023.

Pour des plus amples renseignements, veuillez contacter : Erin Thorne, spécialiste des communications de la CNS, ethorne@nation.on.ca.

À vos agendas

Your Worship
Mayor Francis Brière
The Nation Municipality
jbrizard@nationmun.ca

Dear Mayor Brière and Council:

Please accept my congratulations on your success in the recent municipal elections. I want to thank you for your decision to serve the public, and I look forward to working with you throughout the upcoming term.

As a former mayor, I know firsthand just how important municipal government is to Ontarians. I also know your constituents expect local government to be effective and responsive as you deliver critical local services, and that you expect the same in our relationship.

Throughout my time as Minister of Municipal Affairs and Housing, I have been proud to work with mayors and councils across Ontario to deliver on our shared priorities. I value the expertise and advice I have received from local governments, which has helped shape our decision-making to date.

There is much work ahead of us. Our government is working hard to make living in Ontario more affordable. Bill 23, the More Homes Built Faster Act, takes bold action to advance our plan to address the housing crisis by building 1.5 million homes across Ontario over the next 10 years. We will continue to work with all our municipal partners to get shovels in the ground and build more homes faster.

As we work together to serve the people of our great province, I want to hear about the challenges you face. I know that local representatives understand their communities and that you can help us ensure that local government is working harder, smarter and more efficiently. Best wishes to you and to council for success over the next four years.

Sincerely,

A handwritten signature in blue ink that reads "Steve Clark". The signature is fluid and cursive, with the first letters of "Steve" and "Clark" being capitalized and prominent.

Steve Clark
Minister
