# 2024 BUDGET DEUXIÈME ÉBAUCHE

## À PROPOS DU BUDGET MUNICIPAL

La *loi sur les municipalités de l'Ontario* exige que les municipalités de l'Ontario préparent et approuvent un budget chaque année.

Toutes les municipalités sont tenues d'avoir un budget équilibré, c'est-à-dire qu'elles ne peuvent pas enregistrer de déficit. Pour équilibrer son budget, la municipalité peut soit augmenter ses revenus (impôts fonciers ou redevances) ou gérer ses dépenses en réduisant ou en modifiant le coût de ses services.

Le budget est une estimation prospective de l'année à venir. Il se compose de deux éléments :

1. Le budget de d'opérations- qui comprend les dépenses quotidiennes.
2. Le budget capital - qui planifie l'achat, le financement des actifs et l'amélioration des infrastructures existantes.

Le processus budgétaire permet aux municipalités de prioriser les projets, les programmes et les services en fonction des revenus et des dépenses prévues. Le budget est un plan de travail qui établit les dépenses et les priorités en capital pour l'année à venir.

## L'ÉLABORATION DU BUDGET 2024

La préparation du budget 2024 a commencé au milieu de l'été, lorsque les départements ont été invités à commencer à réfléchir à leur budget en gardant à l'esprit les implications financières de la situation économique actuelle et son impact non seulement sur la municipalité, mais aussi sur les résidents. La priorité a été donnée au maintien des niveaux de service actuels tout en contrôlant les dépenses. D'un point de vue financier, il est important de continuer à

# 2024 BUDGET SECOND DRAFT

## ABOUT THE MUNICIPAL BUDGET

The *Ontario Municipal Act* requires that Ontario municipalities prepare and approve a budget each year.

All municipalities are required to have a balanced budget, it can not incur a deficit. To balance its budget, the municipality can either increase its revenues (property tax or fees) or manage expenses by reducing or modifying costs of services.

The budget is a forward-looking estimate of the year to come. It consists of two components:

3. The operating budget – which includes day-to-day expenses.
4. The capital budget – which plans for the purchase, financing of assets and improvements to existing infrastructure.

The budgeting process allows municipalities to prioritize projects, programs and services based on anticipated revenue and expenses. The budget is a work plan establishing spending as well capital priorities for the year to come.

## DEVELOPING THE 2024 BUDGET

Preparation of the 2024 budget began in mid-summer whereby departments were asked to begin thinking about their budget keeping in mind the financial implications of the current economic situation and how it impacts not only the municipality but residents as well. The priority was set on maintaining current service levels while controlling spending. From a finance perspective, continuing to fund reserves and reserve funds remains important to continue to assist in covering capital costs.

financer les réserves et les fonds de réserve afin de continuer à couvrir les coûts de dépenses en capital.

Les objectifs, les priorités et les questions abordées lors de l'élaboration du budget incluent:

- Améliorer la transmission des informations en les rendant plus claires et plus faciles à comprendre
- Gérer les priorités concurrentes que sont le maintien des niveaux de service et la limitation des augmentations des taux d'imposition
- Maintenir une infrastructure vieillissante
- L'imprévisibilité des financements provinciaux et fédéraux
- Pressions inflationnistes tout en restant compétitifs
- Pressions économiques globales

Comme indiqué ci-dessus, une municipalité est tenue d'équilibrer son budget chaque année. Cette deuxième ébauche du budget est une de travail et, en tant que tel, n'est pas équilibré. Elle est présentée au conseil pour discuter des options et des possibilités en termes d'augmentation des recettes et de gestion des dépenses.

## FACTEURS INFLUENÇANT LE BUDGET 2024

### ***INFLATION***

En 2023, l'inflation est restée élevée. Tout comme ses habitants, la municipalité a également été touchée par l'inflation au cours de l'année écoulée. Cependant, de nombreux coûts ont connu des augmentations bien supérieures à l'inflation. Ces augmentations sont indépendantes de notre volonté et nombre d'entre elles n'auraient pas pu être prévues. Les augmentations soutenues ont un impact sur le budget 2024 dans la mesure où l'augmentation des dépenses d'une année sur l'autre est plus élevée que celle des recettes, ce qui rend plus difficile le maintien des niveaux de service actuels.

The goals, priorities and issues faced in the development of the budget included:

- Improving the transmission of information by making it clearer and easier to understand
- Managing the competing priorities of maintaining service levels and keeping tax rate increases low
- Keeping up with aging infrastructure
- The unpredictability of provincial and federal funding
- Inflationary pressures while remaining competitive
- Overall economic pressures

As mentioned above, a municipality is required to balance its budget every year. This second draft of the budget is a working draft and, as such, is not balanced. It is presented to council to discuss options and possibilities in terms of revenue increases and expense management.

## FACTORS AFFECTING THE 2024 BUDGET

### ***INFLATION***

In 2023, inflation remained high. Much like its residents, the municipality was also impacted by inflation in the last year. While some expenses remained within a reasonable range, several saw increases that were well above inflation. These increases are outside of our control, many could not have been predicted and they continue to impact the 2024 budget. Further to this is the fact that the year over year increase of expenses is higher than the year of revenues making it more difficult to maintain current service levels.

## **CROISSANCE**

La Nation connaît une croissance démographique qui s'accompagne d'une augmentation de la demande de services. Ces services ne sont possibles que s'ils sont financés.

## **TAUX D'INTÉRÊTS**

Les taux d'intérêts qui ont plus que doublés depuis 2021 font en sorte que les emprunts pour les projets terminés en 2022 et 2023 sont empruntés à des taux plus élevés qu'initialement prévus lors du début de la construction. Les taux plus élevés se traduisent en plus gros paiements qui réduit donc les fonds disponibles.

## **VARIANCES- OPÉRATIONS**

Les points saillants des items ayant vu des variances significatives depuis 2022 sont:

### **REVENUS**

Les impôts fonciers ont augmenté de 172 617 \$. Cette augmentation est due à des réévaluations en raison d'améliorations apportées aux propriétés existantes et à la croissance. MPAC ne prévoit pas une réévaluation globale des propriétés en 2024.

### **DÉPENSES**

Dans l'ensemble, les dépenses sont comparables à celles de l'année précédente, compte tenu d'une augmentation annuelle. Pour certaines dépenses, cependant, l'augmentation est plus importante et hors de notre contrôle. Le coût global des activités a augmenté pour la municipalité. Certains postes méritent d'être soulignés:

- Les salaires et les avantages sociaux continuent d'augmenter. Pour rester compétitive et attirer du personnel de qualité, la municipalité doit rester compétitive par rapport aux municipalités environnantes et le marché local. Si l'on ajoute à cela la pression exercée par l'augmentation continue

## **GROWTH**

The Nation is seeing growth in population and with growth comes more demand for services. These services are only possible with funding.

## **INTEREST RATES**

Interest rates which have more than doubled since 2021 mean that borrowings for projects completed in 2022 and 2023 are at higher rates than originally planned when construction began. Higher rates translate into higher payments, which in turn reduce the funds available.

## **VARIANCES- OPERATIONS**

Some highlights to items having seen significant variances since 2022 are:

### **REVENUES**

Property taxes increased by \$172,617. This is due to reassessments due to improvements made to existing properties and growth. No province-wide reassessment is planned by MPAC for 2024.

### **EXPENSES**

Overall, expenses are, for the most part, comparable to prior year, factoring in an annual increase. For some expenses, however, the increase is more significant and out of our control. The overall cost to do business has risen for the municipality. Some areas worth highlighting are:

- Salaries and benefits continue to increase. To remain competitive and attract quality staff, the municipality must remain competitive with regards to surrounding municipalities and the local labour market. Add to this pressure from continued increases in minimum wage which

du salaire minimum, qui oblige les autres salaires à augmenter proportionnellement, il en résulte une augmentation significative du coût de la main d'œuvre.

- La Nation exploite une flotte de 68 véhicules, allant des camionnettes aux chasse-neige en passant par les camions de secours incendie. Ces véhicules doivent être maintenus en bon état et être fonctionnels pour pouvoir fournir des services à la communauté. Le coût de l'entretien a considérablement augmenté ces dernières années, ce qui, combiné à l'augmentation constante du prix de l'essence et du diesel, se répercute sur les coûts d'exploitation.
- Les services publics ont connu une augmentation continue en 2023 (11 % par rapport à 2021) et cette tendance se poursuivra probablement en 2024. Avec plusieurs bâtiments et installations qui nécessitent du chauffage et de la climatisation, ainsi que l'éclairage et le fonctionnement des machines, cette augmentation des coûts a un impact négatif sur le budget.
- Les services sous-traités tels que la tonte du gazon, le déneigement et la collecte des déchets, pour n'en citer que quelques-uns, ont augmenté de manière exponentielle depuis 2021. Le coût de la main-d'œuvre et l'augmentation soutenue du prix de l'essence n'entraîneront sûrement pas des baisses dans l'année à venir.
- Sur le marché général, les matériaux de construction ont augmenté au-delà du taux d'inflation. En outre, plusieurs matériaux de construction nécessaires aux améliorations municipales (par exemple, les ponceaux, l'asphalte et le sel) ont augmenté bien au-delà du taux d'inflation (10 à 30 %) et sont restés élevés. Il est prévu que les coûts de construction devraient donc rester élevés en 2024.
- Les coûts d'assurance ont augmenté de plus de 10 % au cours des deux dernières années et cette tendance devrait se poursuivre en 2024.
- Dans le passé, les licences de logiciels étaient achetées et exploitées sur des serveurs sur site. De plus en plus, nous constatons une évolution vers l'hébergement et le support « cloud », ce qui transforme un élément de capital en un élément d'opérations. Au lieu d'acheter la licence tous les 5 à

forces other wages to increase proportionately, it results in a significant increase in the cost of labour.

- The Nation operates a fleet of 68 vehicles from pick up trucks to snowplows to fire rescue trucks. These must be kept in good working order to deliver services to the community. The cost of maintenance has gone up significantly in recent years and this, combined with the steady increase in gas and diesel, is impacting operating costs.
- Utilities have seen a continued increase in 2023 (11% over 2021) and this will likely continue into 2024. With several buildings and facilities that require heating and cooling as well as lighting and machine operations, this rise in costs negatively affects the budget.
- Subcontracted services such as grass cutting, snow removal and waste collection, to name a few, have increased exponentially since 2021. The cost of labour and the sustained increase in gas prices will likely not result in decreases in coming years.
- In the general market, construction materials have increased above CPI. Further to this, several construction materials required for municipal improvements (for example, culverts, asphalt, and salt) have increased well above CPI (10 - 40%) and have remained high. Construction costs are thus expected to continue to remain high into 2024.
- Insurance costs have seen increases of more than 10% for the last two years and this trend is expected to continue for 2024.
- In the past software licences were purchased on operated on on-premise servers. More and more we are seeing a shift toward cloud hosting and support which turns a capital item to an operating item. Instead of purchasing the licence every 5-7 years, we must be an annual fee. With an increased amount of software and applications required to do business and deliver services, these fees are beginning to be significant. It is worth noting that the increased use of software and applications has resulted in efficiencies and cost-savings.

7 ans, nous devons plutôt payer des frais annuels. Avec l'augmentation du nombre de logiciels et d'applications nécessaires pour faire opérer et fournir des services, ces frais commencent à être significatifs. Il convient de noter que l'utilisation de ces logiciels et applications a permis de réaliser des gains d'efficacité et des économies.

### ***FRIAS ET CHARGES***

Le budget 2024 propose des changements aux taux et charges suivants ainsi que l'introduction d'une nouvelle charge. Les détails se trouvent ci-dessous.

Collecte d'ordures - Nous avons préparé un rapport proposant des modifications de la charge pour la collecte des ordures ménagères. Cette modification tient compte des changements apportés à la collecte des déchets ainsi que de l'augmentation des prix de nos fournisseurs.

Taux eau et égouts - Un rapport spécifique a été préparé, proposant une modification du système de paliers actuellement en place afin de mieux répondre aux pressions environnementales actuelles et d'offrir aux résidents la possibilité de mieux gérer leurs coûts en termes d'utilisation de l'eau. L'augmentation des tarifs tient compte de l'inflation et des pressions sur les infrastructures auxquelles est confronté ce service, ce qui permet de maintenir l'excellence du service.

Charge pour les incendies - Compte tenu des changements apportés au service des incendies en 2023, une nouvelle charge est proposée pour aider à financer les dépenses actuelles et futures de ce service.

### ***HAUSSE DES IMPÔTS FONCIERS***

En 2023, les taxes ont été augmentées de 2,95 %. Aucun taux d'imposition n'est proposé dans ce premier projet de budget. Toutefois, un tableau montrant l'impact d'une augmentation de 1 % par tranche de 100 000 \$ d'évaluation est présenté. De plus, une augmentation des taxes de 1 % représente 137 753 \$ de revenus.

### ***FEEES, LEVIES AND CHARGES***

The 2024 budget proposes changes to the following rate and fees as well as the introduction of a levy. Details are found below.

Garbage collection fee - Finance has prepared a report proposing changes to the garbage collection fee. This change is considered the changes made with regards to waste collection as well as factor in the price increase of our suppliers.

Water & sewer rates – A specific report was prepared proposing a change to the tier system currently in place to better meet current environmental pressures as well as provide residents the opportunity to manage their costs in terms of water usage. The increase in the rates is to consider the inflationary and infrastructure pressures faced by this department thus allowing continued service excellence.

Fire levy - With the changes made in the Fire department during 2023, a new Fire Levy is proposed to help fund current and future expenses for this specific department.

### ***TAX RATE INCREASE***

In 2023, taxes were increased by 2.95%. No tax rate is proposed in this first draft of the budget. However, a table showing the impact of a 1% increase per \$100,000 of assessment is presented. Also, a 1% tax increase represents \$137,753 in revenues. Management is looking to council for direction as to the 2024 tax rate increase.

La direction attend du conseil des directives quant à l'augmentation du taux d'imposition pour 2024.

## PROJETS EN CAPITAL

Une liste de projets capitaux est présentée au conseil pour examen et discussion. Des modifications doivent être apportées pour parvenir à un montant de dépenses réaliste.

## DETTE ET LE PRA

Comme indiqué dans le rapport F-19-2023, il convient de garder à l'esprit le PRA. Les taux d'intérêt étant encore élevés au moment de la préparation du budget et notre PRA devenant limité en raison de trois emprunts importants contractés en 2023, le recours à la dette doit être très stratégique et utilisé avec prudence.

## CONCLUSION

Lors de l'élaboration du budget, une attention particulière a été accordée à la continuité d'un excellent service tout en gérant les coûts. Bien que l'on s'attende à une croissance, les estimations sont restées prudentes afin d'assurer un minimum de couverture. Enfin, la direction sollicite l'avis du conseil pour les rapports présentés, la hausse du taux d'imposition et les priorités pour les projets en capital.

## CAPITAL PROJECTS

A list of capital projects is presented for council's consideration and discussion. Modifications must be made to arrive at a realistic spending amount.

## DEBT AND THE ARL

As presented in report F-19-2023, the ARL must be kept in mind. With interest rates still high at the time of budget preparation as well as our ARL becoming limited due to three large loans taken on in 2023, the use of debt must be very strategic and used with caution.

## CONCLUSION

In developing the budget, careful consideration was given to providing a continued excellent service while managing costs. Although growth is expected, estimates were however kept conservative to ensure a minimum is covered. Finally, management is seeking council's direction for the tax rate increase and priorities for capital projects.

# PROJETS EN CAPITAL

Le budget du capital couvre les immobilisations corporelles, des grandes infrastructures aux plus petits actifs et autres projets à long terme. Le budget capital est le plan de la municipalité pour l'achat, la construction, l'entretien, la réparation et le remplacement des immobilisations et de l'infrastructure.

Les projets proposés pour 2024 sont présentés dans le tableau suivant pour examen et délibération du Conseil. Les décisions prises sont essentielles à la viabilité à long terme de la municipalité. Le budget 2024 reflète les plans stratégiques, les besoins en capitaux conformément au plan de gestion des actifs et les besoins de la communauté.

Le budget d'opérations est étroitement lié aux immobilisations, car des fonds seront nécessaires pour assurer les dépenses quotidiennes associées aux immobilisations.

Les principales sources de financement des immobilisations sont : les fonds de réserve, les réserves, les subventions, les prêts, les redevances d'aménagement et les contributions de la collectivité. Les projets peuvent être financés par une ou plusieurs sources.

La planification du budget capital est délicate. Les besoins en capitaux pour rester en phase avec le plan de gestion des actifs, les besoins et les demandes de la communauté, et les infrastructures nécessaires à la croissance doivent tous être mis en balance avec les fonds disponibles, ainsi qu'avec la planification à long terme de la municipalité.

# CAPITAL PROJECTS

The capital budget covers capital items from large infrastructure to smaller assets and other long-term projects. The capital budget is the municipality's plan to purchase, build, maintain, repair, and replace capital assets and infrastructure.

The projects proposed for 2024 are presented in the following table for Council consideration and deliberation. The decisions taken are critical to the long-term sustainability of the municipality. The 2024 budget reflects strategic plans, capital requirements as per the asset management plan and the needs of the community.

The operating budget is closely tied to capital assets because funds will be required to ensure day-to-day expenses associated with the assets are met.

The main sources of funding for capital assets are: reserve funds, reserves, grants, loans, development charges, and community contributions. Projects can be funded by one or several sources.

Planning the capital budget is tricky. Capital requirements to stay on track with the asset management plan, community needs and requests, and infrastructure required for growth must all be balanced out against available funding as well as consideration for long-term planning for the municipality.

# GESTION DE LA FLOTTE

La municipalité dispose d'une flotte de 68 véhicules. Il s'agit notamment de camionnettes, de SUV, de camions tandem, de niveleuses, de pelles mécaniques, de camions de pompiers, d'un camion Hydrovac et de bien d'autres encore.

Le tableau de la page suivante présente les besoins de la flotte pour les dix prochaines années.

Ce plan permet à la Nation de suivre les besoins en flotte par département par année en tenant compte des coûts d'entretien des véhicules, du kilométrage, de la durée de vie utile estimée, etc. Sur cette base, l'année de remplacement estimée est déterminée. Le coût de remplacement estimé est déterminé en extrapolant le coût de remplacement d'aujourd'hui aux années futures en utilisant un taux d'inflation estimé.

La somme des besoins annuels totaux permet de déterminer le montant qui doit être transféré des opérations à la réserve pour la flotte afin de couvrir le coût des besoins futurs de celle-ci.

# FLEET MANAGEMENT

The municipality has a fleet of 68 vehicles. These include pick up trucks, SUV, Tandem trucks, grader, backhoes, fire rescue trucks, a Hydrovac truck and many more.

The table on the following page presents the fleet requirements for the next 10 years.

This sheet allows The Nation to track fleet requirements by department per year by keeping track of vehicle maintenance costs, mileage, estimated useful life, etc. Based on this, estimated replacement year is determined. Estimated cost of replacement is determined by extrapolating today's cost of replacement to future years using an estimated inflation rate.

Summing total annual requirements helps determine how much should be transferred to the fleet management reserve from normal operations to cover the cost of future fleet needs.

# RÉSERVES, FONDS DE RÉSERVES & REVENUS REPORTÉS

## RÉSERVES

Une réserve est une affectation des revenus nets à la discrétion du Conseil, après provision de toutes les dépenses connues, dans le cadre d'une stratégie globale de financement de programmes ou de projets qui sont définis dans les budgets annuels et autorisés en vertu des dispositions de la *Loi sur les municipalités*.

Il ne fait référence à aucun actif spécifique, il est de nature générale.

Ils peuvent être créés pour couvrir des dépenses en capital ou d'opérations.

Les réserves ne nécessitent pas de séparation des fonds ou des actifs.

Les réserves font partie d'un fonds de revenus et ne produisent donc pas d'intérêts par elles-mêmes.

Il peut être créé dans un but prédéterminé et utilisé à cette fin, à la discrétion du Conseil.

La Nation dispose de plusieurs réserves. Celles-ci sont présentées dans le tableau suivant.

## FONDS DE RÉSERVE

Les fonds de réserve sont basés sur une exigence statutaire ou un passif défini payable à l'avenir. La base de la collecte et de l'utilisation des fonds est spécifique et les fonds ne peuvent être utilisés qu'à cette fin.

Tous les intérêts produits par les fonds de réserve doivent faire partie du fonds de réserve.

# RESERVES, RESERVE FUNDS & DEFERRED REVENUE

## RESERVES

A reserve is an allocation from net revenue at the discretion of Council, after the provision of all known expenditures, as part of an overall strategy for funding programs or projects that are set out in annual budgets and is authorized under the provisions set out in the *Municipal Act*.

It has no reference to any specific asset; it is general in nature.

They can be created to cover capital or operating expenses.

Reserves do not require segregation of money or assets.

Reserves are part of a revenue fund and therefore, do not earn interest on their own.

May be established for a predetermined purpose & applied for that purpose at the discretion of Council.

The Nation has several working reserves. These are presented in the table that follows.

## RESERVE FUNDS

Reserve funds are based on a statutory requirement or defined liability payable in the future. The basis for the collection and use of monies in the fund is specific and funds can only be used for that purpose.

All interest earnings derived from reserve funds must form part of the reserve fund.

Il existe deux types de fonds de réserve :

1. Fonds de réserve obligatoire
2. Fonds de réserve discrétionnaire

### **FONDS DE RÉSERVE OBLIGATOIRE**

Ce type de fonds est créé lorsqu'une loi provinciale exige que les recettes reçues à des fins spéciales soient séparées des recettes générales de la municipalité.

Les fonds ne doivent être utilisés qu'aux fins prévues par la loi.

Ils peuvent être de nature contractuelle ou statutaire.

Des exemples de fonds de réserve obligatoires à La Nation sont les frais de développement et le fonds de fermeture/post-fermeture des sites d'enfouissement.

### **FONDS DE RÉSERVE DISCRÉTIONNAIRE**

Un fonds de réserve discrétionnaire est créé en vertu de la loi sur les municipalités lorsque le conseil souhaite affecter des revenus au financement d'une dépense future pour laquelle il est autorisé à dépenser de l'argent, et mettre de côté une certaine partie des recettes d'une année afin que les fonds soient disponibles en cas de besoin.

Ils peuvent être créés pour couvrir des dépenses en capital ou d'opérations.

Un exemple de ce type de fonds de réserve est celui créé pour la glace artificielle de l'aréna.

### **REVENUS REPORTÉS**

Les revenus reportés représentent les sommes reçues à l'avance pour être dépensées ultérieurement. Ces recettes sont mises de côté dans un fonds de réserve obligatoire à des fins spécifiques en vertu d'une loi, d'un règlement ou d'un accord. Les redevances d'aménagement sont un exemple de revenus reportés.

There are two types of reserve funds:

1. Obligatory reserve funds
2. Discretionary reserve funds

### **OBLIGATORY RESERVE FUND**

This type of fund is created when a provincial statute requires that revenue received for special purposes be segregated from the general revenues of the municipality.

Monies are to be used only for the purpose prescribed for them by statute.

They can be contractual or statutory in nature.

Examples of obligatory reserve funds at the Nation are development charges and landfill closure/post-closure fund.

### **DISCRETIONARY RESERVE FUND**

A discretionary reserve fund is created under the *Municipal Act* when Council wants to earmark revenue to finance a future expenditure for which it has the authority to spend money, and to set aside a certain portion of any year's revenues so that the funds are available as required.

They can be created to cover capital or operating expenses.

An example of this type of reserve fund is the one created for the Artificial Ice for the Arena.

### **DEFERRED REVENUE**

Deferred revenue represents monies received in advance for later spending. These revenues are set aside in an obligatory reserve fund for a specific purpose by legislation, regulation, or agreement. Development charges are an example of a deferred revenue.

## Corporation of The Nation Municipality

<b>Numéro de la politique:</b>	REC-2023-02
<b>Département:</b>	Récréation
<b>Sujet:</b>	Infrastructure des parcs
<b>Date:</b>	26 octobre 2023

### ÉNONCÉ DE LA POLITIQUE

La Municipalité de La Nation possède 10 parcs municipaux et 2 sentiers pédestres répartis sur tout son territoire. Cette politique est une ligne directrice pour le remplacement des infrastructures existantes situées à l'intérieur des parcs et pour la création et/ou l'achat de nouvelles infrastructures.

Comme de nombreuses municipalités de l'Ontario, La Nation est confrontée à des infrastructures vieillissantes puisque la majorité des installations de loisirs et des parcs ont été créés il y a 30 à 40 ans grâce à des programmes de financement d'immobilisations. L'infrastructure vétuste du parc réduit la satisfaction des utilisateurs et l'utilisation ultérieure des équipements plus anciens limite la capacité d'attirer et de répondre aux besoins croissants des familles, la diversité d'utilisation et l'accessibilité.

### ADMINISTRATION DE LA POLITIQUE

Le service des loisirs sera responsable de l'inventaire, de l'identification et de la priorisation des infrastructures/équipements du parc. Les propositions qui incluent la création ou l'achat de nouvelles infrastructures de parc ou de nouveaux sentiers seront évaluées, priorisées et des recommandations seront faites au Conseil. *Même si un groupe municipal répond à tous les critères, le conseil doit approuver le projet.*

### REPLACEMENT ET RÉPARATION DES ÉQUIPEMENTS/ INFRASTRUCTURE DU PARC

Conditions:

- 1) L'équipement/l'infrastructure est considéré comme dangereux ou dangereux pour un usage public en raison d'une utilisation normale, de dommages ou d'un changement dans les niveaux standard ou les directives de sécurité.
- 2) Le coût de réparation de l'équipement/de l'infrastructure est jugé trop élevé et le remplacement est l'alternative la plus rentable.
- 3) Une consultation communautaire a été menée pour s'assurer que les besoins de la communauté sont satisfaits et que le remplacement de l'équipement/l'infrastructure est justifié et soutenu par la communauté.

- 4) Le remplacement de l'équipement/l'infrastructure appuie les recommandations du Plan directeur des parcs et loisirs et encourage l'utilisation et l'accessibilité multigénérationnelles.
- 5) Des estimations ont été obtenues par le service des loisirs pour établir une valeur de remplacement raisonnable sur des équipements similaires à ce qui existait, les projets ont été priorisés et la liste sera établie et mise à jour annuellement lors du processus budgétaire.
- 6) Le financement du remplacement des équipements/l'infrastructure existant du parc sera alloué à 100% dans le budget municipal en fonction des estimations budgétaires et des recommandations fournies par le département.

## **1) ACHAT D'UNE NOUVELLE INFRASTRUCTURE DU PARC ET/OU CRÉATION DE NOUVEAUX SENTIERS**

### **A) ÉLIGIBLE POUR UN FINANCEMENT 100% MUNICIPAL**

#### **Critères:**

- 1) L'achat de l'infrastructure et/ou la création d'un nouveau sentier est une recommandation directe du Plan directeur des parcs et loisirs, à condition que toutes les évaluations soient terminées, y compris: arrimage en matière de services essentiels, cout en matière de services, évaluation en matière de bienfait communautaire et analyse en matière d'appui communautaire.
- 2) Le projet doit être soumis au service des loisirs qui fera des recommandations en fonction des priorités de la municipalité.
- 3) Une consultation communautaire a été effectuée pour s'assurer que les besoins de la communauté sont satisfaits et que l'initiative est soutenue par la communauté. Le Conseil peut aussi se réserver le droit de demander un montant de financement à la communauté pour tout nouveau projet.
- 4) L'achat ou la création de nouvelles infrastructures appuie les recommandations du Plan directeur des parcs et loisirs et encourage l'utilisation multigénérationnelle et l'accessibilité et/ou est destiné à un événement
- 5) Une évaluation et un inventaire des infrastructures des loisirs dans un rayon de 10 km ont été complétés et indiquent le besoin de nouvelles infrastructures.

### **B) ÉLIGIBLE POUR UN FINANCEMENT MUNICIPAL PARTIEL AVEC UNE INITIATIVE COMMUNAUTAIRE ET UN PARTENARIAT**

#### **Critères:**

- 1) L'achat ou la création des nouvelles infrastructures appuie les recommandations du Plan directeur des parcs et loisirs et encourage l'utilisation multigénérationnelle et l'accessibilité.
- 2) Une consultation communautaire a été menée pour s'assurer que les besoins de la communauté sont satisfaits et que l'initiative est soutenue par la communauté.

- 3) Le partenaire communautaire s'engage à fournir un minimum de 33% du coût capital du projet (avant TVH).

Exemple de projet d'une valeur de :

50 000 \$	partenaire communautaire contribue 16 500 \$.
95 000 \$	partenaire communautaire contribue 31 350 \$.
160 000 \$	partenaire communautaire contribue 52 800 \$.

- 4) Le partenaire communautaire doit soumettre un plan d'affaires pour sa collecte de fonds qui sera approuvé par la Municipalité.
- 5) Le partenaire communautaire doit remplir le formulaire Soumissions de groupe communautaire pour le budget.
- 6) Le président et le trésorier du partenaire communautaire signeront une entente avec la municipalité pour le montant que le partenaire communautaire contribuera au projet.
- 7) La municipalité peut accorder une période maximale de deux ans au partenaire communautaire pour recueillir des fonds (si ce n'est pas une année d'élection du conseil).
- 8) Les contributions en nature peuvent être calculées en pourcentage de la contribution du partenaire communautaire jusqu'à un maximum de 50 % de la contribution attendue.

Exemple pour un projet de 50 000 \$ : la contribution totale est de 16 500 \$, mais 8 250 \$ peuvent être une contribution en nature sous forme de main-d'œuvre ou de matériel et le solde de 8 250 \$, un don monétaire.

- 9) Les contributions en nature seront évaluées sur la base de devis comparables pour le coût de la main-d'œuvre ou des matériaux et seront approuvées par la municipalité. L'entreprise ou l'organisation en nature doit avoir une assurance et la CSPAAAT.

## **Rapport pour le Conseil**

**Numéro du rapport:** TP-24-2023

**Sujet :** Coupures proposées au budget 2024

**Préparé par :** Joanne Bougie-Normand, assistante au directeur

**Révisé par:** Marc Legault, directeur des Travaux publics

**Révisé par :** Josée Brizard, directrice générale/greffière

**Révisé par :** Nadia Knebel, trésorière

**Date de la réunion :** le 26 octobre 2023

## Contexte

Le but est de faire des coupures sur les projets proposés dans l'ébauche 1 budget capital 2024.

## Rapport

Après avoir fait l'analyse des risques de nos chemins proposés, nous avons déterminé que les chemins de 50km/h et moins ont le taux de risque le moins élevé. Toutefois, la rue Linda à Limoges et la rue Séguinbourg nécessitent des réparations, donc nous avons gardé un montant dans chacune de ces rues pour y effectuer ces réparations.

## Considérations financières

Projet	BUDGET 2024		
	Ébauche 1	Coupures proposées	Variance
Rue Des Pins – village Limoges	458 490 \$	458 490 \$	0
Rue Linda – village Limoges	165,818 \$	155 818 \$	10 000 \$
Rue Séguinbourg	124 278 \$	74 278 \$	50 000 \$
Chemin Farley (Frontière avec Stormont Nord)	75 000 \$	35 000 \$	40 000 \$
Concession 18(village St-Isidore)	82 273 \$	82 273 \$	0
Total :	905 859 \$	805 859 \$	100 000 \$

## Recommandation

« Il est résolu que le Conseil accepte la recommandation présentée par le directeur des Travaux publics dans son rapport TP-24-2023 pour les coupures proposées des projets énumérés pour le budget 2024. »

Directeur des Travaux publics

## **Rapport pour le Conseil**

**Numéro du rapport:** PLA-21-2023

**Sujet :** signature du lotissement Les Cités Limoges, filière SUB-02-2021

**Préparé par :** Guylain Lafleche, Directeur du Service de l'aménagement du territoire

**Revisé par :** Josée Brizard, Directrice Générale/Greffière

**Date de la réunion :** 26 octobre 2023

**INTRODUCTION :**

9425-5973 QUEBEC INC. a reçu une décision d'approbation concernant le lotissement filière SUB-02-2021, le 13 décembre 2021 et révisée le 31 juillet 2023. L'une des conditions d'approbation est la signature d'une entente de lotissement entre la municipalité et le développeur.

**CONCEPT :**

L'ébauche du plan de lotissement transformerait le terrain en question en 61 lots de maisons unifamiliales, 68 lots de maisons jumelées, 43 blocs de terrain pour 158 maisons en rangées, 1 bloc de terrain pour 192 appartements avec possibilité d'usage commerciale suivant une modification au règlement de zonage, 1 bloc de terrain aux fins de parc et 10 nouvelles rues. (ANNEXE 1)

Ce lotissement devrait être construite entre 3 et 7 ans.

**CONSIDÉRATION FINANCIÈRE :**

L'une des conditions importantes pour ce lotissement est l'engagement de la municipalité à financer la construction de la station de pompage #11. Ce financement sera sous l'adoption d'un règlement indépendant et se fera une fois l'approbation du budget municipal 2024.

**RECOMMANDATION:**

Le Service recommande que le Conseil autorise le maire et la greffière de signer l'entente de lotissement pour la filière SUB-02-2021.
