SCHEDULE “B” TO BY-LAW 145-2024

Water Service Rates – Limoges Water System

The following rates are imposed on owners or tenants of each lot that is connected to the water system and is also connected to the wastewater system:

Water Service Rate per cubic meter (m³) of metered water consumption	
Billed per quarter – for connections to water & wastewater services	
Fixed quarterly charge	\$95.05
Variable charge per m ³	
0 – 40 m ³	\$2.40
41 – 50 m ³	\$3.21
51 – 60 m ³	\$5.64
> 61 m ³	\$6.64

The following rates are imposed on owners or tenants of each lot that is connected to the water system and that is *not* connected to the wastewater system:

Water Service Rate per cubic meter (m³) of metered water consumption	
Billed per quarter – for connections to water service only	
Fixed quarterly charge	\$95.05
Variable charge per m ³	
0 – 40 m ³	\$2.40
41 – 50 m ³	\$3.21
51 – 60 m ³	\$5.64
> 61 m ³	\$6.64
Backwash flow charge, as per metered consumption, per m ³	\$0.22

Water charges are based on municipal water having passed through the water meter, whether used or wasted, as measured by volumetric reading of a municipal water meter which has not be illegally tampered with, or as otherwise established by the Municipality.
